## §89.1203 Definitions

---

- (8) **Exit**--The point when a student is no longer classified as LEP (i.e., the student is reclassified), no longer requires bilingual or special language program services, and is classified as non-LEP in the Texas Student Data System Public Education Information Management System (TSDS PEIMS). The term "exit" as used in this subchapter is synonymous with the description in TEC, Chapter 29, of "transferring out" of bilingual or special language programming.
- (9) **Reclassification**--The process by which the language proficiency assessment committee determines that an English learner has met the appropriate criteria to be classified as non-LEP and is coded as such in TSDS PEIMS.

§89.1220.

## Language Proficiency Assessment Committee

---

(b) The language proficiency assessment committee shall include

- an appropriately certified **bilingual educator** (for students served through a bilingual education program),
- an appropriately certified English as a second language (**ESL**) **educator** (for students served through an ESL program),
- a **parent** of an English learner participating in a bilingual or ESL program,
- and a **campus administrator** in accordance with Texas Education Code (TEC), §29.063.

## §89.1225.

# Testing and Classification of Students

---

- (a) Beginning with school year 2019-2020, the provisions of this section shall expire and be superseded by the provisions in **§89.1226** of this title (relating to Testing and Classification of Students, Beginning with School Year 2019-2020).
- (b) Within **four weeks** of initial enrollment in a Texas public school, a student with a language other than English indicated on the home language survey shall be administered the required oral language proficiency test in prekindergarten through Grade 12 and norm-referenced standardized achievement instrument in Grades 2-12 as described in subsection (c) of this section and shall be identified as an English learner and placed in the required bilingual education or English as a second language (ESL) program in accordance with the criteria listed in subsection (f) of this section.

# §89.1230. Eligible Students with Disabilities

---

- (a) School districts shall implement assessment procedures that differentiate between language proficiency and disabling conditions in accordance with Subchapter AA of this chapter (relating to Commissioner's Rules Concerning Special Education Services) and shall establish **placement** procedures that ensure that placement in a bilingual education or English as a second language program is **not refused solely because the student has a disability**.

## §89.1225.

# Testing and Classification of Students

---

- (h) The language proficiency assessment committee in conjunction with the admission, review, and dismissal (ARD) committee **shall identify** a student as an English learner if the student's ability in English is so limited or the student's disabilities are so severe that the English oral language proficiency or norm-referenced assessments described in subsection (c) of this section cannot be administered. The decision for entry into a bilingual education or ESL program shall be determined by the language proficiency assessment committee in conjunction with the ARD committee in accordance with §89.1220(f) of this title (relating to Language Proficiency Assessment Committee).

§89.1225.

## Testing and Classification of Students

---

- (l) For English learners who are also eligible for special education services, the **standardized process for English learner program exit** is followed in accordance with applicable provisions of subsection (i) of this section. However, annual meetings to review student progress and make recommendations for program exit must be made in all instances by the language proficiency assessment committee in conjunction with the ARD committee in accordance with §89.1230(b) of this title (relating to Eligible Students with Disabilities). Additionally, the language proficiency committee in conjunction with the ARD committee shall implement assessment procedures that differentiate between language proficiency and disabling conditions in accordance with §89.1230(a) of this title.

§89.1225.

## Testing and Classification of Students

---

- (m) For an English learner with significant cognitive disabilities, the language proficiency assessment committee in conjunction with the ARD committee may determine that the state's English language proficiency assessment for exit is not appropriate because of the nature of the student's disabling condition. In these cases, the language proficiency assessment committee in conjunction with the ARD committee may recommend that the student take the **state's alternate English language proficiency assessment** and shall determine an appropriate performance standard requirement for exit by language domain under subsection (i)(1) of this section;

## §89.1227. Minimum Requirements for Dual Language Immersion Program Model

---

- (c) A dual language immersion program model shall provide **equitable resources** in English and the additional program language whenever possible.

# §89.1229. General Standards for Recognition of Dual Language Immersion Program Models

---

- (b) Student recognition. A student participating in a dual language immersion program model or any other state-approved bilingual or ESL program model may be recognized by the program and its local school district board of trustees by earning a performance acknowledgement in accordance with §74.14 of this title (relating to **Performance Acknowledgments**).

# §89.1233. Participation of English Proficient Students

- (c) The number of participating students who are not English learners **shall not exceed 40%** of the number of students enrolled in the program district-wide in accordance with TEC, §29.058.

## §89.1235. Facilities

---

Bilingual education and English as a second language (ESL) programs shall be located in the public schools of the school district with **equitable access** to all educational resources rather than in separate facilities. In order to provide the required bilingual education or ESL programs, school districts may concentrate the programs at a limited number of facilities within the school district. Recent immigrant English learners shall not remain enrolled in **newcomer centers** for longer than two years.

## §89.1265. Evaluation

---

- (a) All school districts required to conduct a bilingual education or English as a second language (ESL) program **shall conduct an annual evaluation** in accordance with Texas Education Code (TEC), §29.053, collecting a full range of data to determine program effectiveness to ensure student academic success. The annual evaluation report shall be **presented to the board of trustees before November 1 of each year** and the report shall be retained at the school district level in accordance with TEC, §29.062.
