

Starting the Path to Proficiency

Implementing the New LOTE TEKS

WS#108574

Presenter:

Monica Saldivar teaches Spanish in South Texas ISD. She has been teaching for 12 years and has participated in a wide range of teaching training experiences. She is currently serving as the Rio Grande Valley regional coordinator for TFLA.

Date: Friday, Feb. 22, 2019

Time: 9:00 AM - 4:00 PM

**6 hours professional
development credit**

Cost: \$50 per person

**Register through the Region
One ESC website at
<http://www.esc1.net>**

This workshop will help participants identify the levels of proficiency;

- examine the new TEKS for LOTE and consider their impact on teaching;
- compare and contrast traditional and communicative classrooms;
- learn how backward design and can-do statements can revitalize instruction;
- create activities that implement the three modes and engage students in meaningful communication.

TFLA will be bringing professional development about the new TEKS, proficiency methodology, and authentic texts over the next few years, aimed at helping world language teachers build programs to meet these new expectations

This workshop is offered as a collaboration between Region One ESC and TFLA.
