

Team Quest 2019-2020:

Adventures In Learning is proud to present this year's Team Quest Live competition - **Unearthing the Past!** This year's academic competition will explore the science, technology, and history that has helped archaeologists uncover some of humankind's most puzzling mysteries.

Elementary Students 3 – 5	January 21, 2020
Elementary Students 3 – 5	January 22, 2020
Middle School Students 6 – 8	January 23, 2020
High School Students 9 – 12	January 24, 2020

Throughout this year's academic competition your students will learn about the challenges, trials, and importance of archaeology through 5 hands on challenges designed to test your students in core areas of science, engineering, technology, math, art and creativity. Student teams will walk away from this hands-on competition with a greater understanding of how the practice of excavating the ruins and tombs of ancient people can help us define our future while understanding our past.
