## Research & Analytical Services Student Feedback

### COP #3, 2021

Field Date: July 30-August 8, 2021

Sample Size: n=10

Ticket: #3431

## Summary

Research & Analytical Services administered a collection of student feedback for the Office of Academic Affairs. The cohort of eligible respondents was students enrolled in selected sections in BIOL 2401, HIST 1301, and PSYC 2301 during the Spring 2021 semester. Ten (n=10, 3%) students responded on a list of 322. Respondents were solicited three (3) times using off-campus e-mail addresses.

## Results

*Breakdown of respondents by course and Summer 2021 enrollment status*

Course	Percentage of Responses
BIOL 2401	50%
HIST 1301	30%
PSYC 2301	20%

Enrollment Status	Percentage of Responses
Enrolled 202130	60%
Not Enrolled	40%

In [Course], what obstacles did you face that were related to academics? This could include challenges with the course content, course structure, your course load, in-person vs. online, etc.

*In this question, the student's course was displayed as suggested in the text above.*

- PSYC 2301 For in person and online courses I have to admit it's not the same, I did have face challenges over the online course but nothing that couldn't be changed. I did struggle with some understanding but after a while of more study, and notes. Changed.
- PSYC 2301 I find it really convenient when I was taking online classes due to I was working and it worked good with my schedule

Were you able to overcome these obstacles? If so, how? This could include study groups, CLE tutoring, visiting an instructor during office hours, meeting with an advisor, etc.

- PSYC 2301 Dealing with an online course really didn't have a lot of group studies of group projects, I Also did not go an an adviser of anything like that.
- PSYC 2301 Just when I would try to get help with a tutor due to my schedule hours of work

In [Course], what obstacles did you face that were related to personal issues? This could include challenges like illness in the home, childcare, bad WiFi, or finding the time to get everything done.

*In this question, the student's course was displayed as suggested in the text above.*

PSYC  
2301 Did struggle with wifi and technical issues, but nothing other than that.

PSYC  
2301 When I was working

Were you able to overcome these obstacles? If so, how? This could include finding WiFi hotspots, creating a personal schedule, or setting aside a quiet location to study.

PSYC  
2301 Yes, I was able to overcome the obstacles by setting up personal wifi at home.

PSYC  
2301 Yes I was able to work out with schedule

In [Course], what obstacles did you face that were related to professional issues? This could include challenges with your work schedule, conflicts with class time, losing your job, etc.

*In this question, the student's course was displayed as suggested in the text above.*

PSYC  
2301 I do work full time for harvest, but I had the help of my parents and a lot of support.

PSYC  
2301 None

Were you able to overcome these obstacles? If so, how? This could include changing your work schedule, working fewer hours, getting a new job, etc.

PSYC  
2301 I had one day off of the whole week, I made time for my work and studys

PSYC  
2301 Yes
