## Zooming with Terry & Friends - Night! Night! With Our Nocturnal Friends!

Teacher's districts MUST be members of the Academic Content or Head Start Co-ops in order to schedule their zoom interaction.

\* Required

### Live Zoom Description

Each available date has a predetermined interaction choice that cannot be changed. Each teacher attending will need to fill out a separate google form with their class information. Please note, you may be attending this zoom with other Region 7 early childhood teachers.

### Night! Night! With Our Nocturnal Friends!

This zoom is bound to keep students awake! Join us as we investigate animals that stay awake at night! What do they eat? When do they sleep? How are they different from other animals?
