

RESULTS DRIVEN ACCOUNTABILITY 101

NOVEMBER 2023

WORKSHOP #277872

Amy Ruvalcaba
Special Education Coordinator | Liaison

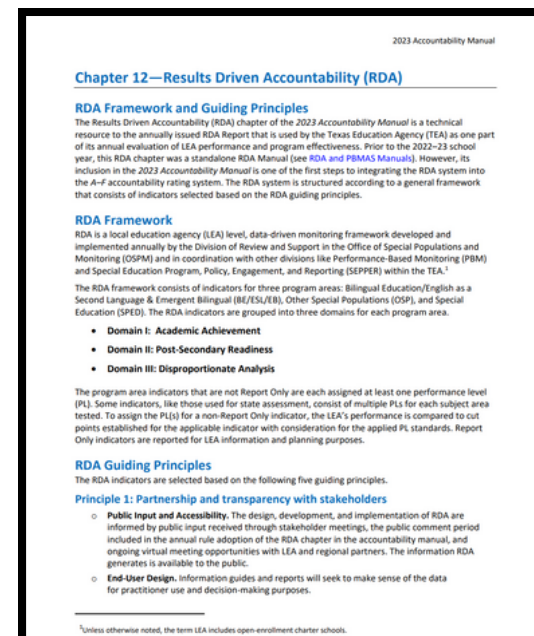

OBJECTIVES

- ◆ Identify the purpose of RDA
- Review key terminology in the RDA Framework
- Unpack the domains and indicators in Appendix K
- Analyze LEA data
- Review timelines and targeted monitoring interventions.

CHAPTER 12

The Results Driven Accountability (RDA) chapter of the 2023 Accountability Manual is a technical resource to the annually issued RDA Report that is used by the Texas Education Agency (TEA) as one part of its annual evaluation of LEA performance and program effectiveness.

RDA is an LEA level, data-driven monitoring framework that consists of indicators for three program areas:

BILINGUAL EDUCATION
SPECIAL EDUCATION
SPECIAL POPULATIONS

Transparency, Improved Results and Performance, Protects
Children and Families, Differentiated Supports to LEAs,
Responsive to Needs

DOMAINS & INDICATORS

The SPED RDA report includes 18 indicators across Domains I through III that are used to measure and ensure the academic success of students receiving special education services in Texas.

Domain I: Academic Achievement
Domain II: Post-Secondary Readiness
Domain III: Disproportionate Analysis

Domain 1	Indicator #1 (i-iv)	SPED STAAR 3-8 Passing Rate
	Indicator #2	SPED Dyslexia STAAR 3-8 Reading Passing Rate
	Indicator #3 (i-iv)	SPED Year-After-Exit (YAE) STAAR 3-8 Passing Rate
	Indicator #4 (i-iv)	SPED STAAR EOC Passing Rate
	Indicator #5	SPED STAAR Alternate 2 Participation Rate

Domain II	Indicator #6	SPED Graduation Rate
	Indicator #7	SPED Annual Dropout Rate (Grades 7-12)

Domain III	Indicator #8	SPED Dyslexia Representation (school-aged)
	Indicator #9	SPED Regular Early Childhood Program Rate (preschool-aged)
	Indicator #10	SPED Regular Class ≥80% Rate (school-aged)
	Indicator #11	SPED Regular Class <40% Rate (school-aged)
	Indicator #12	SPED Separate Settings Rate (school-aged)
	Indicator #13	SPED Representation (Ages 3-21)
	Indicator #14	SPED OSS and Expulsion ≤10 Days Rate (Ages 3-21)
	Indicator #15	SPED OSS and Expulsion >10 Days Rate (Ages 3-21)
	Indicator #16	SPED ISS ≤10 Days Rate (Ages 3-21)
	Indicator #17	SPED ISS >10 Days Rate (Ages 3-21)
	Indicator #18	SPED Total Disciplinary Removals Rate (Ages 3-21)

TERMS TO KNOW - PART 1

Report Only Indicators

Some RDA indicators are reported for LEA information and planning purposes. For these indicators, the LEA's performance will be reported along with the overall state rate for the indicator. Generally, after a period of one or two years, PLs are assigned to Report Only indicators, and LEA performance on these indicators will be evaluated.

Performance Level (PL)

A PL is the result that occurs when a standard is applied to an LEA's performance on an indicator. Throughout the RDA indicators, the higher the PL is, the lower the LEA's performance is

The PLs available for indicators in the 2023 RDA system include Not Assigned (NA) (including Not Assigned through SA), 0, 0 SA, 0 RI, 1, 1 SA, 2, 2 SA, 3, 3 SA, 3 HH, 4, 4 SA, 4 HH, and SD.

TERMS TO KNOW - PART 2

Minimum Size Requirement (MSR)

The MSR is incorporated into all indicators assigned a PL. In general, LEAs must have at least 30 students in the relevant segment of the student population denominator to be evaluated on an indicator using the standard RDA analysis.

Special Analysis (SA)

If the MSR is not met, then the LEA may be evaluated under the Special Analysis (SA) process. PLs established using the SA process will have “SA” appended (NA SA, 0 SA, 1 SA, 2 SA, 3 SA, 4 SA) and will be included on the RDA reports to LEAs, along with the LEA’s numerators, denominators, and rates used in the SA process.

Accountability Subset

Students who are enrolled in an LEA on October 28, 2022 (fall snapshot date) and test in the same LEA in the fall of 2022 or spring of 2023 are in the “accountability subset” while students who are enrolled in an LEA on October 28, 2022, but not enrolled in the same LEA for fall 2022 or spring 2023 testing are not in the accountability subset. The accountability subset for students who test in the summer of 2022 is based on the 2021 fall snapshot date. Whether the accountability subset is used for a particular indicator is noted in the description of the indicator.

TERMS TO KNOW - PART 3

Determination Level

Each LEA receives a determination level (DL) and is selected for 2023 RDA interventions based on its DL status.

RDA Determination Determination Level:	Meets Requirements	Needs Assistance	Needs Intervention	Needs Substantial Intervention
	DL 1	DL 2	DL 3	DL 4

Masked vs Unmasked

Masking refers to the use of special symbols to conceal data as required by the federal Family Education Rights and Privacy Act (FERPA) for the purpose of protecting student confidentiality. Any information that could lead to the identification, either directly or indirectly, of a student is masked.

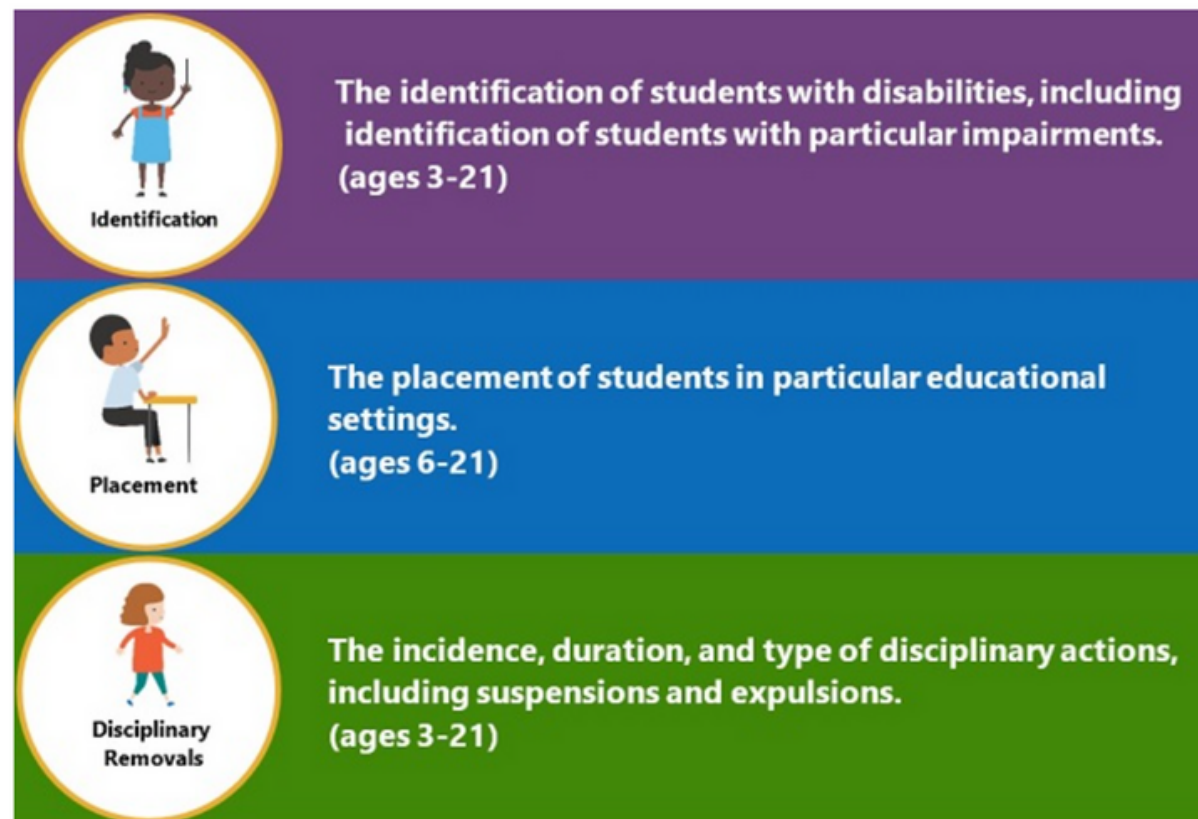

Federally Required Elements

SIGNIFICANT DISPROPORTIONALITY

Significant Disproportionality

IDEA requires each state education agency to provide for the collection and examination of data to determine if significant disproportionality based on race and ethnicity is occurring in the state and the LEAs of the state with respect to RDA indicators in the following three areas:

Requirements for LEAs Identified with Significant Disproportionality

When the State identifies LEAs with significant disproportionality, the LEA must meet the requirements found at [34 CFR §300.646](#) (c) and (d). If the LEA is found to be SD in one or more of the SD categories as published in the [Results Driven Accountability \(RDA\)](#) report for three years in a row, LEAs are required to:

- **Review** (and, if appropriate) revise policies, procedures, and practices;
- **Reserve** the maximum amount of funds to be used for early intervening services; and
- **Report** on the revision of policies, procedures, and practices.

TIMELINE

November

- Unmasked RDA Data Released to LEAs on Nov. 16

December

- Deadline to notify TEA of any errors is Dec. 6

January

- Public Masked RDA Reports and Targeted Notification Letters to be released early Jan.

February

- Strategic Support Plans due February 23, 2024 in ASCEND for DLs 2, 3 or 4.

March

- Teleconference with TEA for DLs 2, 3 or 4.

April and May

- Collect and submit evidence of implementation and progress.

June

- SSP completion due by June 28, 2024.

2022 Results Driven Accountability (RDA):
Performance Framework (updated 5/12/2023)

Performance Framework

The 2022 Results Driven Accountability (RDA): Performance Framework includes local education agency (LEA) determinations for the three RDA program areas: special education (SPED), bilingual education/English as a second language/emergent bilingual (BE/ESL/EB), and other special populations (OSP). Intervention processes derived from the LEA determinations are based on two long-standing principles at the core of the monitoring and review system:¹

- LEAs with elevated performance levels (PLs) are identified for interventions.²
- Interventions are differentiated across four determination levels (DLs) to ensure monitoring and support activities are focused on LEAs with performance and compliance concerns.

LEA determinations are made annually and with consideration for data standardization and performance uniformity:³

- Data Standardization**
 - Factors like minimum size requirements, data availability, and data anomalies impact the assignment of PLs. The PLs are subsequently combined and used to make LEA determinations. The determinations of PLs associated with the non-report only RDA indicators for SPED, BE/ESL/EB, and OSP. In addition, the PLs for the four federally required elements (FREs) are also included in the LEA determinations.
- Performance Uniformity (99/95/80)**
 - LEAs receive determinations based on the 99/95/80 percentile rule implemented for the 2021-2022 school year (SY) 2021-2022. This percentile rule uses PL mean values at different percentiles to identify DL cut points for each program area. The cut points are then applied to each PL mean value in the program area a determination. LEAs in the 99th percentile are assigned Needs Substantial Intervention (DL4). LEAs in the 95th percentile are assigned Needs Intervention (DL3). LEAs in the 80th percentile are assigned Needs Assistance (DL2). LEAs below the 80th percentile are assigned Meets Requirements (DL1). The program area determinations provide the basis for monitoring and support activities.

Determination Method

The Texas Education Agency (TEA), per its authority under [Section 11.416\(a\), 34 CFR §300.600\(a\)\(2\), TEC §7.028\(a\), and 19 TAC §97.1005\(b\)](#), makes annual determinations of the performance of LEAs for the three RDA program areas: SPED, BE/ESL/EB, and OSP. The four DLs include Meets Requirements (DL1), Needs Assistance (DL2), Needs Intervention (DL3), and Needs Substantial Intervention (DL4). LEA determinations are made using PL data from the RDA indicators for BE/ESL/EB and OSP and from both the RDA indicators and the FREs for SPED. PL values represent standards applied to an LEA's performance. These standards are used to establish the range of PL values for an RDA indicator or an FRE. The higher the PL value, the higher the LEA's performance and the more need for monitoring and support interventions.

LEA determinations for each program area are subsequently made according to the following three steps:

- Calculate the PL mean for each LEA program area by adding all the PL values together (PL SUM) and then dividing by the number of PL assignments for that program area (PL RATED):
$$PL\ MEAN = \frac{PL\ SUM}{PL\ RATED}$$
- Apply the 99/95/80 percentile rule to the PL mean values of a program area to identify the cut points for each DL: Meets Requirements (DL1), Needs Assistance (DL2), Needs Intervention (DL3), and Needs Substantial Intervention (DL4).
- Apply each PL mean to the DL cut points to assign the LEA program area a determination.

RDA PLs, FREs, and determinations are available on the [Results Driven Accountability Data and Reports](#) webpage.
