

# TOEFL IBT Score Accelerator Preparation Course

## for Spanish Speakers

**TOEFL IBT** serves as the master key for most labor and educational upgrades: professional licensing/certifications, university admissions, scholarship programs and government agency procedures; however, most Spanish speakers repeatedly fall dramatically short from the minimum accepted scores and cease retaking the TOEFL test after several failed attempts, thereby curtailing their potential for advancement and forfeiting higher-paying job openings.

A direct solution for achieving successful TOEFL IBT scores is a specialized TOEFL preparation course for the two sections in which Latinx test-takers score the lowest: Speaking and Writing. Participants will be ready to significantly increase their scores in the Speaking and Writing sections of the TOEFL IBT in a swift timeframe, receiving daily individualized feedback throughout.
