

Round Rock ISD:

In Round Rock ISD, we are committed to bilingualism, biliteracy and biculturalism. RRISD 90:10 DLI program begins in prekindergarten and continues through fifth grade at twelve designated campuses. Our district offers the 90:10 Spanish Immersion model. In this model, Prekindergarten and Kinder students are immersed in Spanish for the majority of the instructional day. All students in the program learn to read and write in Spanish first. Every year the student's English instruction increases and the Spanish instruction decreases until 3rd, 4th and 5th grade where the instruction is 50% in Spanish and 50% in English.

Old Town Elementary:

Old Town is a Dual Language and professional learning community that encourages meaningful relationships and promotes relevant, engaging learning in an atmosphere that values curiosity, diversity, perseverance, self-discipline, and collaboration.
