Edpuzzle Originals

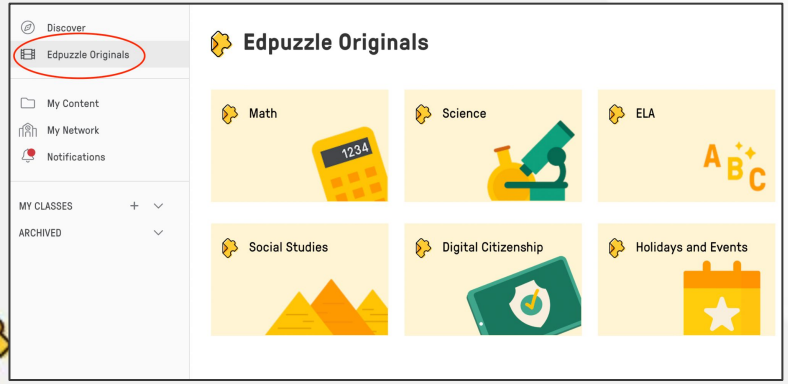
A library of high-quality video lessons that are created by our team of expert teachers!

⭐ *Standards-aligned* ⭐ *Academically rigorous* ⭐ *3,000+ videos, ready to use!*

Go to your Edpuzzle Dashboard and click the Edpuzzle Originals tab to view the video library



View our Standard-aligned Edpuzzle Originals ***Airtables***

OR

- TEKS **English Language Arts** Airtable
- TEKS **Math** Airtable
- TEKS **Science** Airtable
- TEKS **Social Studies** Airtable

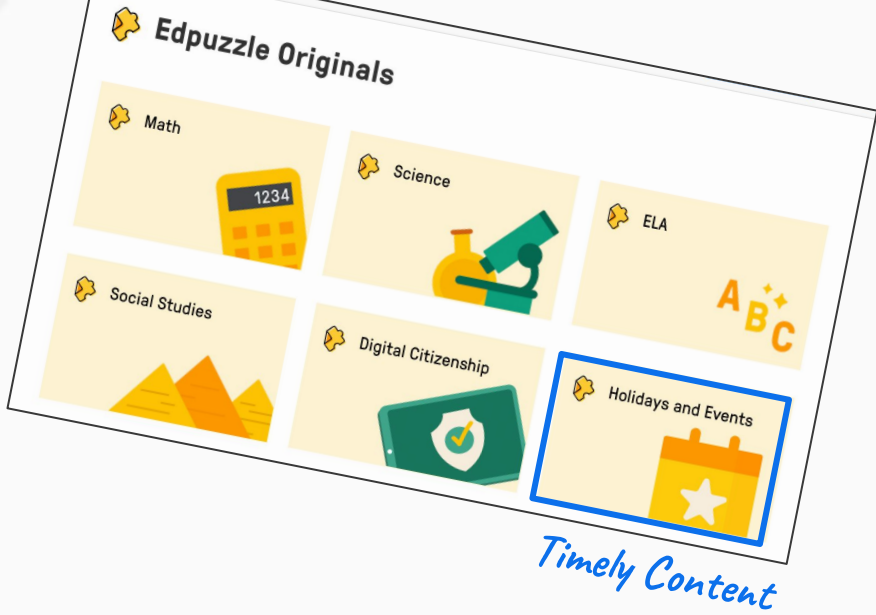
Document - EO Translated Videos

Edpuzzle Originals

Timely Content

- Need some content for holidays and events? We've got you covered!

[Timely Content Airtable]



Edpuzzle Originals

Digital Citizenship

- Digital Citizenship videos aligned to ISTE Standards (for ES, MS & HS)

[Digital Citizenship Curriculum]

Update #3

Teacher Assist

Now Available: Teacher Assist

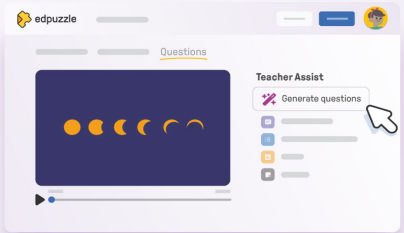
Now Available: Teacher Assist

What is Teacher Assist?

- The next generation of support for Edpuzzle educators
- A suite of exclusive new time saving tools
- Make teaching with video even easier!

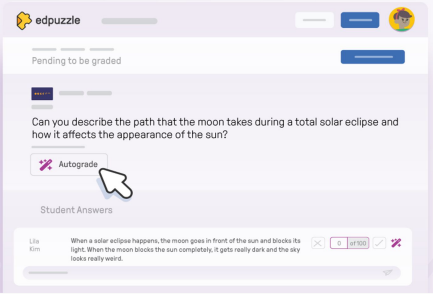
Generate questions

Ask Edpuzzle to create and embed questions in your video with just one click!



Autograde open-ended questions?

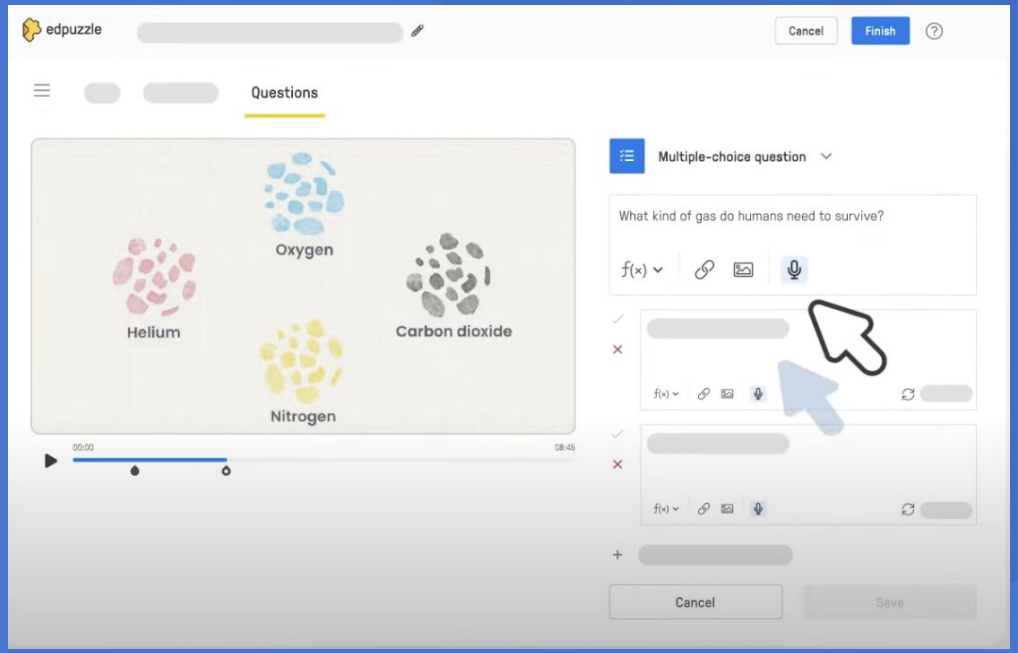
Make grading a snap! Add your ideal answer and Edpuzzle reviews student responses to suggest grades.



Note: Generate questions only works on videos ***without*** questions already embedded!

Update #4

Audio Questions

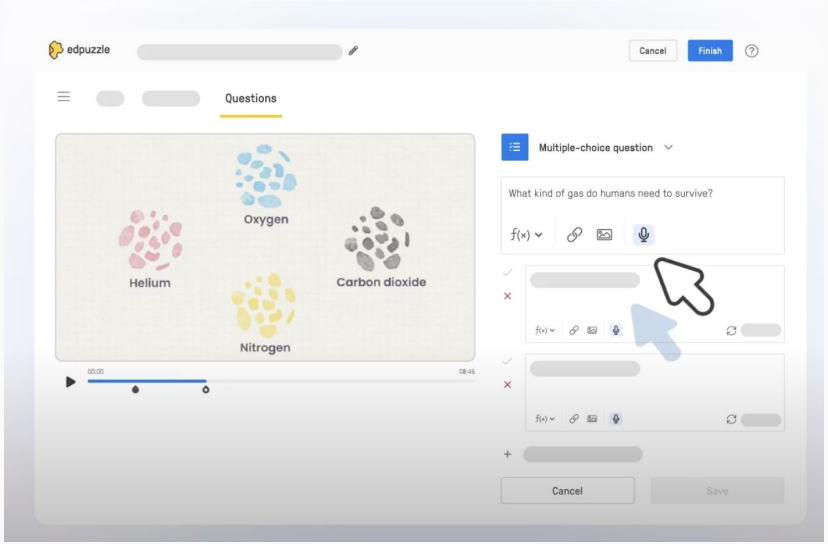


Audio Questions

Give your students the option to **listen** to the question *and* answer choices

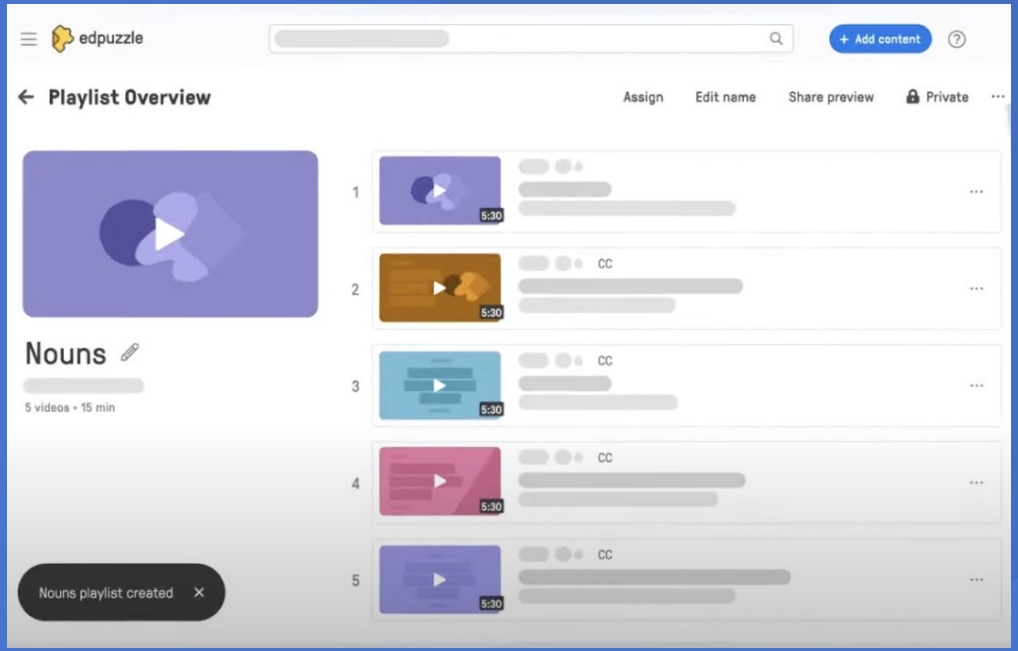
Use to:

- Allow students to **listen** to the questions as well as read them
- Have the written question in English, and the audio in the student's **first language** (or vice versa!)



Update #5

Playlists

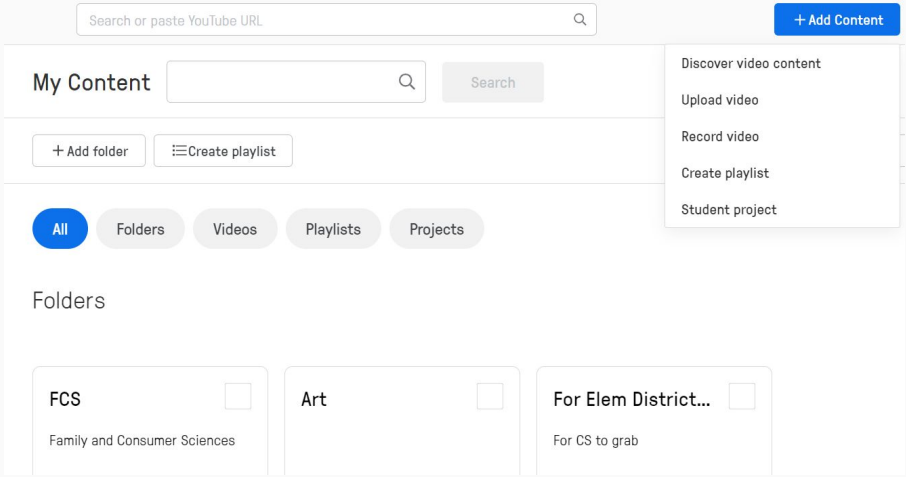


Playlists

Curate and assign a group of videos.

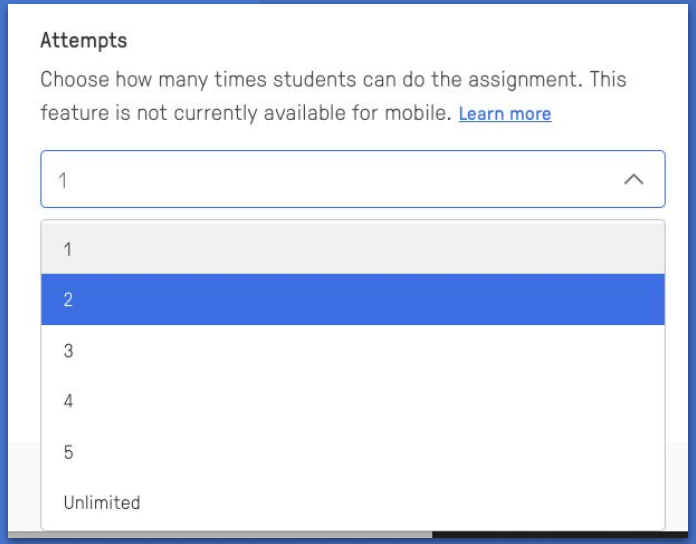
Use to:

- Choose to set order or leave open.
- Grades for each video in the playlist will be averaged for one final grade.

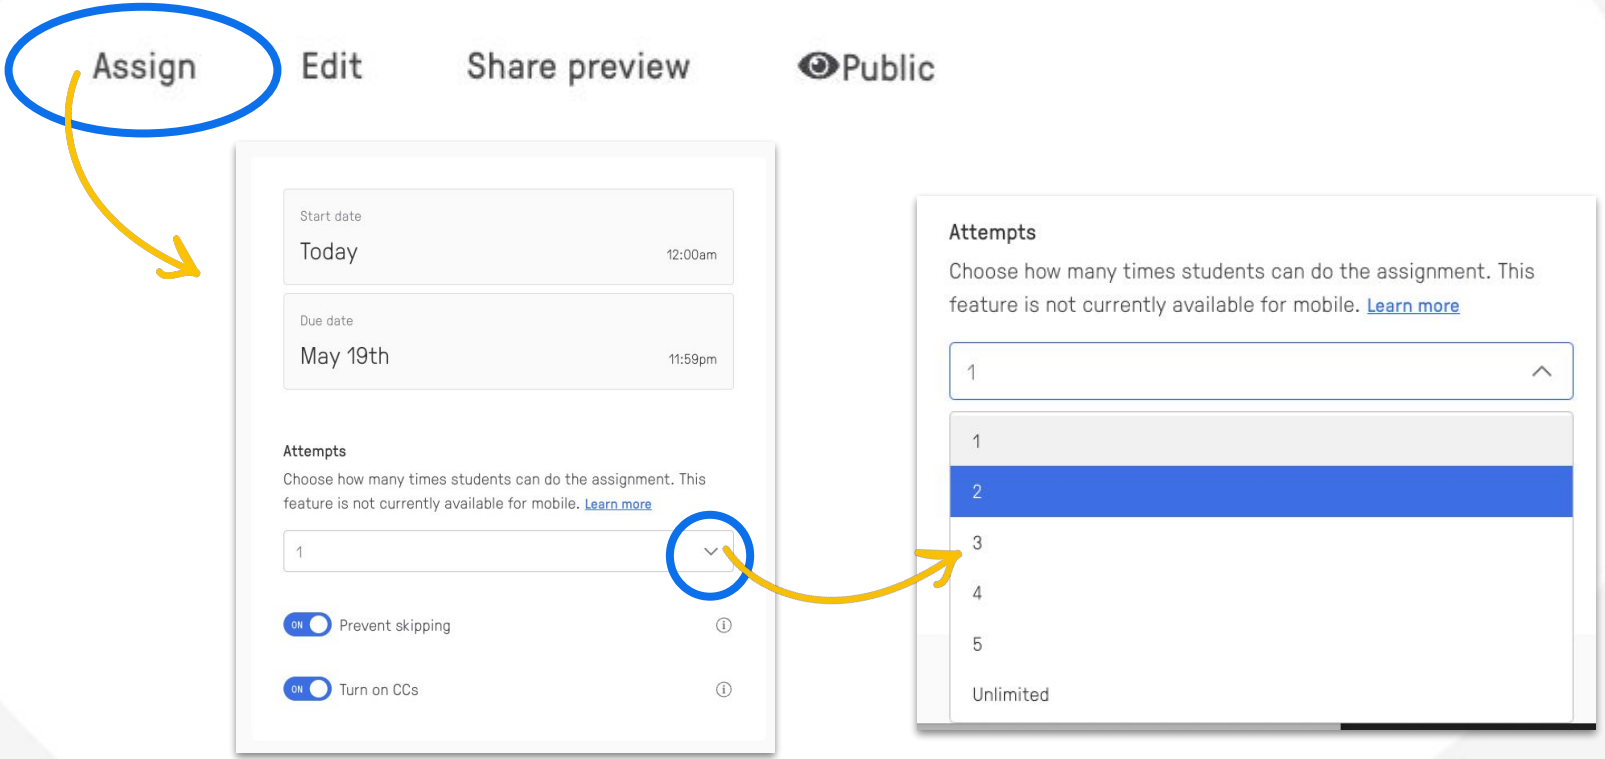


Update #6

Multiple Attempts



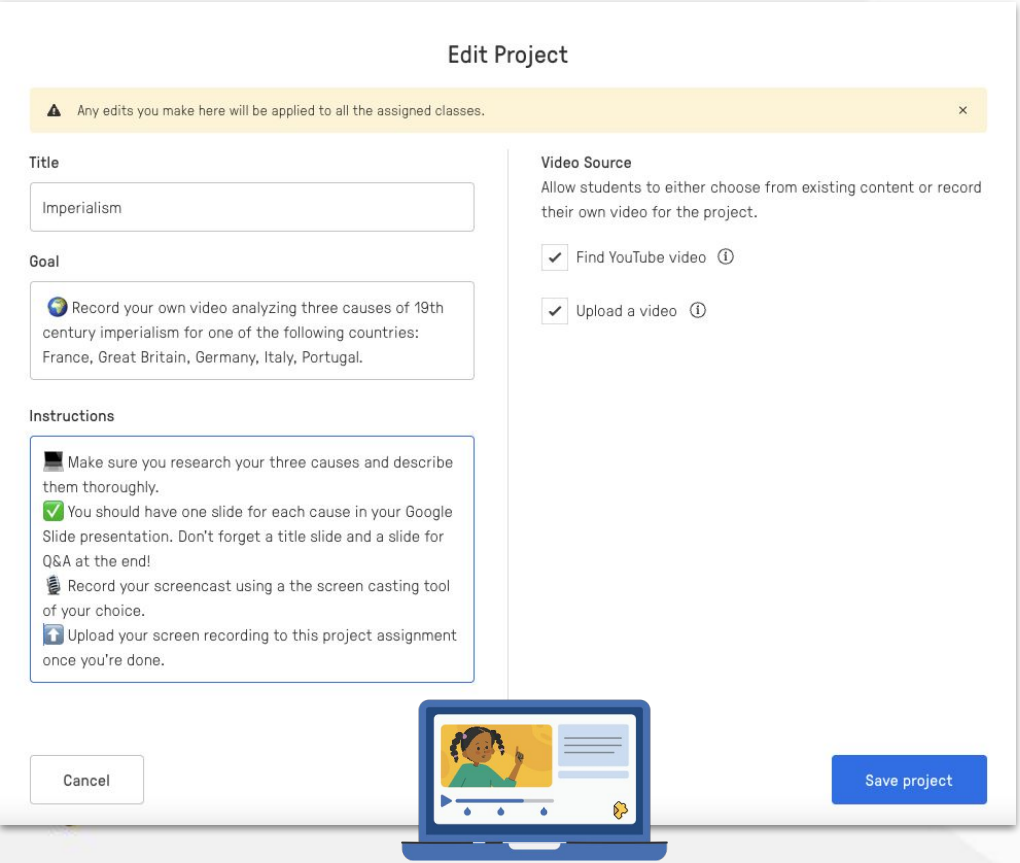
Multiple Attempts



Update #7

Student Projects

Student Projects



Students can:

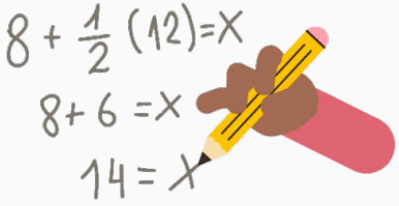
- Select and **upload a video!**
- Get creative with adding questions and notes
- Engage **higher-order thinking** skills

Teachers can:

- Create authentic learning experiences
- Feature student projects in a class library or assign them to a class

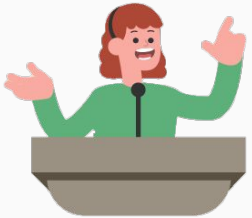
Ideas for Student Projects

Analyze a poem, including meter and rhyme



Demonstrate how to solve a math problem

Record an experiment, then explain the findings and conclusions

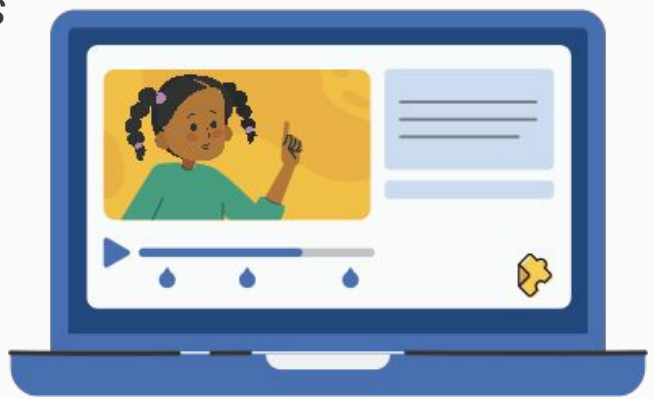


Students prepare and present their own TED talks

Student Projects

Resources for Student Projects:

- Design Tips & Resources - Student Projects
- Example of Graphic Organizer
- Video showing Student View
    - *(note: must be signed into Edpuzzle as a student to view)*



Update #8

Live Mode

Edpuzzle Live Mode

With Edpuzzle's Live Mode feature, you can project your video live in front of the whole class while students answer in real-time on their own devices!

- Use with any Edpuzzle assignment
- You show the video and control the pace
- Students respond to questions on their own devices
- Students can still access the assignment independently afterwards
