

Preparing for Your LAS Battery of Assessments **ONSITE** Training

Please find links below to the training power points for the *preLAS* Online and LAS Links Online administration training sessions as well as to the handouts and worksheets that will be utilized during each training. Please either **view** the training power point and the handouts and worksheets packet on your device to follow along and participate with the trainer or **print** these to have them available to you during the training.

- For ONLINE administration training, we encourage you to bring your device to be able to log into your account and participate in the portal activities during training.
- Please note that It is the responsibility of the LEA’s POC to add users to the portal which we encourage participants to complete prior to training. Please use this [Guide to Adding Users](#) to learn how to add users to portal.
 - The trainer **will not** be able to add participants as portal users during the training.
- DRC will not provide certificates for training attendance.
 - Calibration certificates may be obtained via DRC’s Professional Learning courses. The trainer will show you how to access these courses.
