The **College, Career, and Military Readiness (CCMR) Guidebook**—an essential tool designed to **support school districts** in ensuring that all students are well-prepared for success for future opportunities and with **post-secondary** options.

Districts can achieve this by meeting the indicators that measure **CCMR performance**. Districts may receive additional funding from the state based on these indicators.

What is CCMR?

College, career, and military readiness (CCMR) refers to the preparation that students receive during their educational years to succeed in various paths after high school.

The CCMR component of the Student Achievement domain measures graduates' preparedness for college, career, or the military.

A System of Support:

What role does each group play in the long-term success of students?

The Texas Strategy

The State of Texas has a mission to prepare every child for success in college, career, or the military. College, Career, and Military Readiness (CCMR) is a Texas initiative that measures how prepared graduates of public high schools are for post-graduation pathways.

A school's CCMR score (number of graduates who meet CCMR criteria / total graduates) affects schools' rating with the state.

CCMR outcomes are measured through thirteen points of accountability, such as standardized test scores, achievement of dual course credits, or completion of industry-based certifications.

A-F Accountability

In Texas, House Bill 22 establishes guidelines for evaluating school district and campus performance, with each receiving annually a rating from A-F that is defined as the following:

A = Exemplary Performance

B = Recognized Performance

C = Acceptable Performance

D = In Need of Improvement

F = Unacceptable Performance

A-F Accountability is based on a combination of performance measures underlying the following themes: Student Achievement, School Progress, and Closing The Gaps. Part of the score for Student Achievement for high schools includes the number of students that qualify as college, career, or military ready.

Lagging Data

For accountability, CCMR data is always lagging, meaning that for the 2026 accountability, 2025 graduates' data is used for calculations.

² Two or more courses for at least two credits in the same program of study

³ Three or more courses for four or more credits including one level three or four course in the same program of study

* Note, only Earned counts. In PEIMS, there is a specific code for Earned, a separate code for Passed but no Earned, and one for Failed.

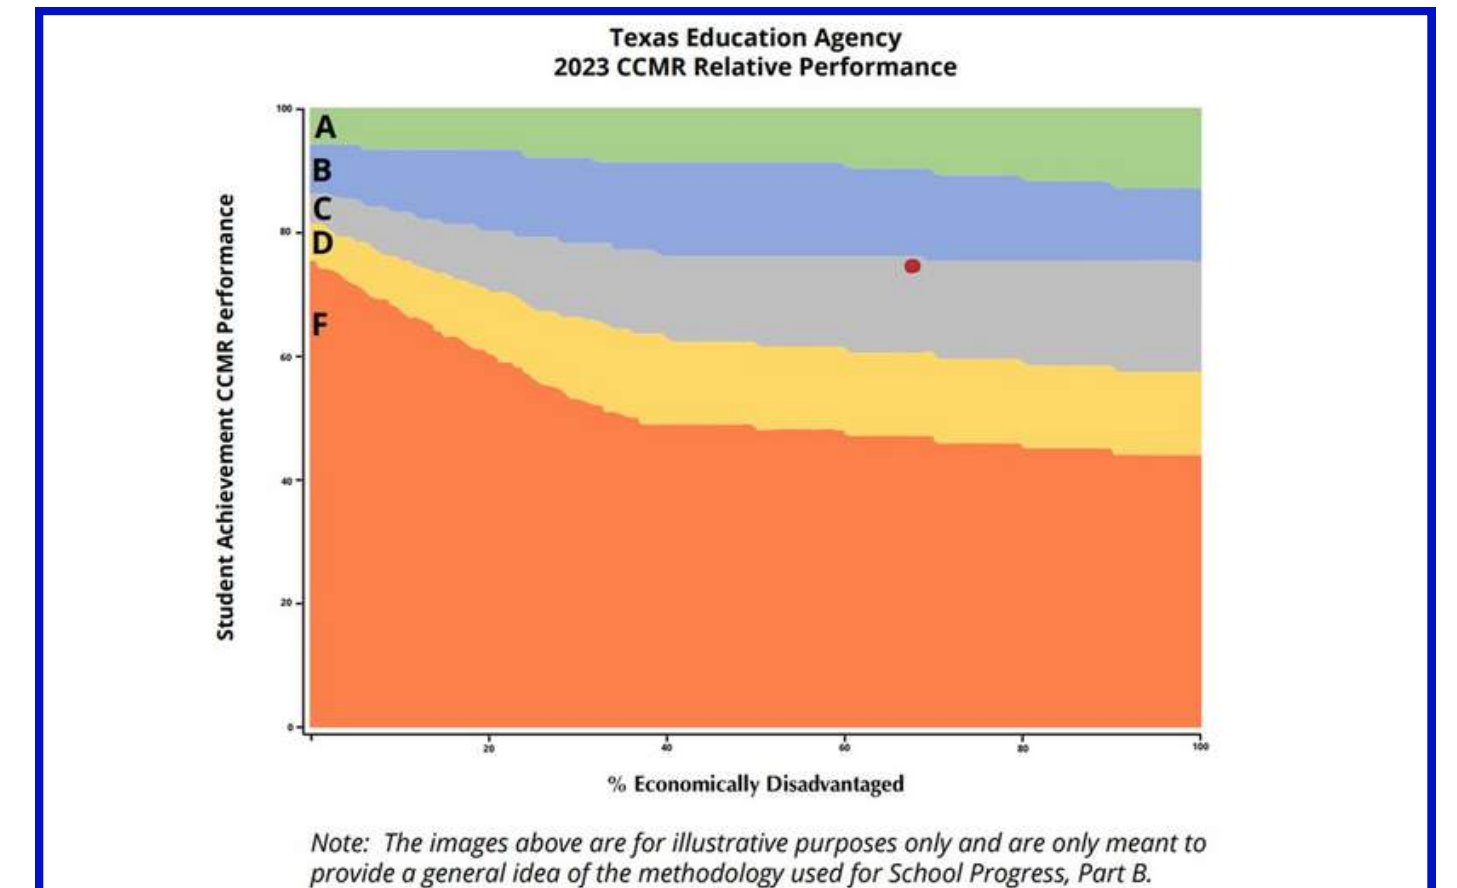

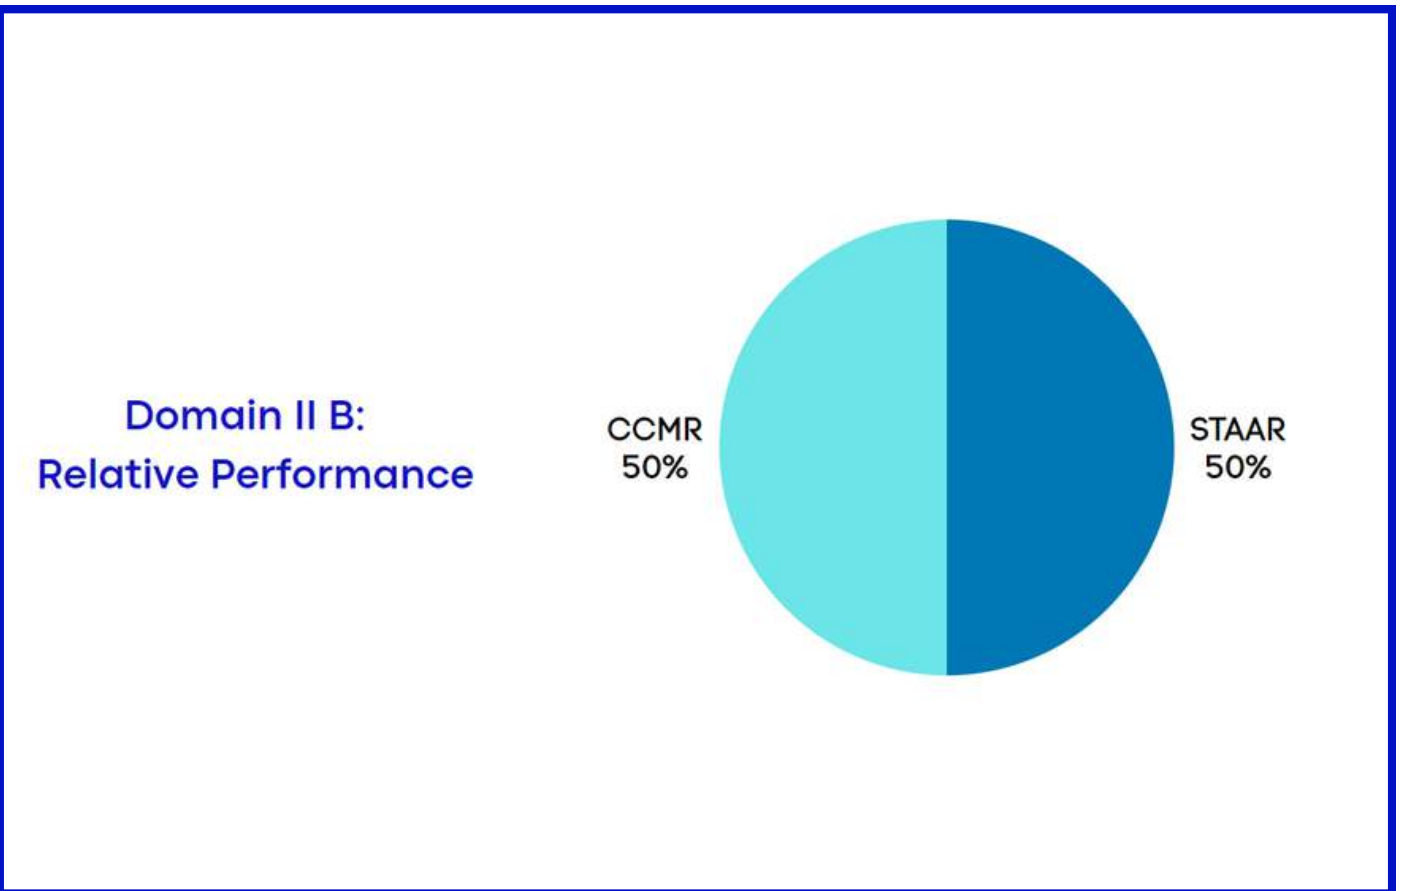

DOMAIN 2: SCHOOL PROGRESS

Part A: Academic Growth- Measures academic improvement from one year to the next on STAAR.

Part B: Relative Performance-Evaluates the average of STAAR and CCMR performance from Domain I compared to campuses and districts with similar percentages of economically disadvantaged students.

The better of the two, Academic Growth (Part A) and Relative Performance (Part B), determines your Domain 2 score.

DOMAIN 3: CLOSING THE GAPS

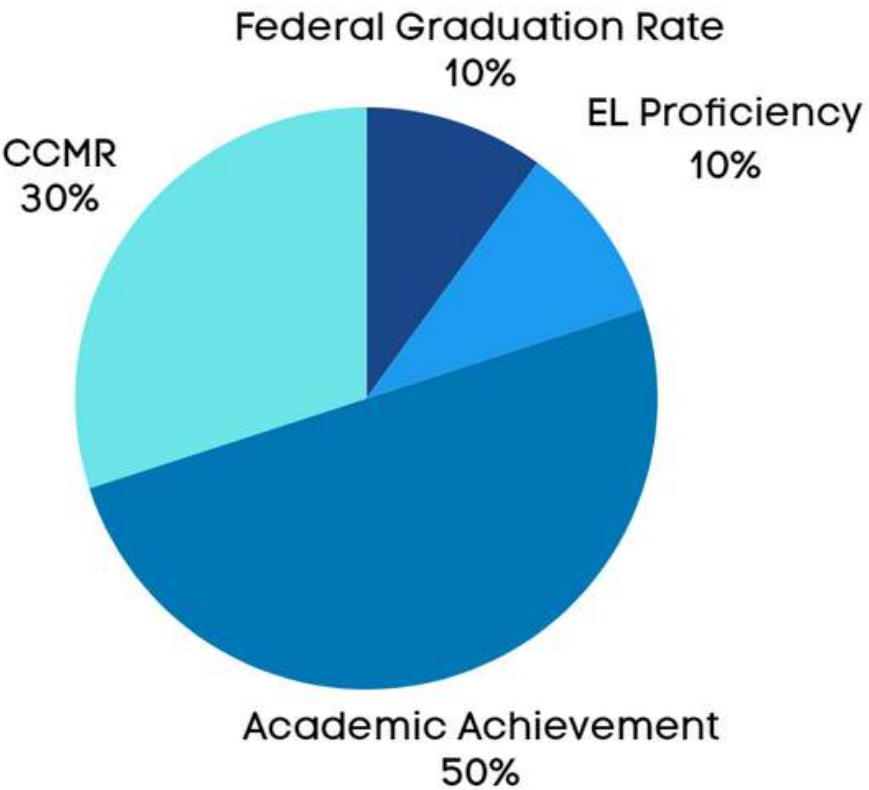

In alignment With Every Student Succeeds Act (ESSA), the Closing the Gaps domain evaluates CCMR performance in two ways. Student groups are evaluated individually, and three to four groups are assessed to determine the Domain 3 score.

1 Student Groups Evaluated Individually

- All students
- Seven racial/ethnic groups: African American, American Indian, Asian, Hispanic, Pacific Islander, White, and Two or More races
- Economically Disadvantaged
- Emergent Bilingual (EB) student/ English Learner (EL) (current and monitored)
- Current special education
- Foster
- Homeless
- Migrant
- Continuously enrolled
- Former special education

OVERALL A-F ACCOUNTABILITY RATINGS FOR HIGH SCHOOLS & K-12

Each domain receives a score. To get an overall rating label, take the better of Student Achievement OR School Progress domains and weigh that at 70% of the overall grade. The other 30% of the overall grade would come from Closing the Gaps.

Domain	Component	Weight for Domain	Overall Rating Weight
Domain I : Student Achievement	STAAR Scaled	40%	70% (the better of Domain I, Domain IIA and Domain II B)
	CCMR Scaled	40%	
	Graduation Rate Scaled	20%	
Domain II A: Academic Growth	STAAR Growth Scaled	100%	
Domain II B: Relative Performance	Average of Domain I STAAR and CCMR Scaled	(the better of Domain IIA and Domain II B)

	Federal Graduation Status or Academic Growth Status	10%	
	Progress in Achieving English Language Proficiency	10%	
	College, Career, and Military Readiness	30%	

Based on the overall scale score, a district or campus would score A-F based on this table:

Student Achievement: CCMR Indicators

College Ready

Career Ready

Military Ready

CCMR indicators assess a high school student's readiness for success after graduation. In Texas, these indicators help evaluate educational systems and identify areas for improvement, setting the standard for what it means to be prepared for the next step—whether its **college**, **career**, or the **military**.

*In addition, districts and schools may want to track leading indicators, such as **completion of the FAFSA or completion of the Apply Texas application**. These indicators are not part of A-F CCMR accountability but are important steps in the student journey and provide signals about a student's progress to CCMR.*

CCMR in Accountability

Districts demonstrate CCMR performance through indicators that measure graduates’ preparedness for college, career, or the military. Students who meet one or more of these CCMR indicators are considered “CCMR-met.”

Meet TSI Criteria in RLA and Mathematics

Meet the college ready criteria in both RLA and mathematics in one of the these listed or a combination of two

TSIA1 and/or TSIA2

SAT

ACT

College Prep Course

A graduate must meet the TSI college readiness standards in both reading/ language arts (RLA) AND mathematics in order to receive CCMR credit. However, the graduate does not necessarily need to meet them on the same assessment. For example, a graduate may meet the TSI criteria for college readiness in RLA on the ACT and college readiness in Math on the SAT.

College Prep Courses

Meet the college ready criteria in **both** RLA and mathematics in one of the these listed or a combination of two

TSIA1 and/or TSIA2

SAT

ACT

College Prep Course

The criteria for successful completion of a college prep course should be in alignment between a local education agency (LEA) and the partnering institution of higher education (IHE)(s).

In accordance with §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported in TSDS PEIMS as successfully completing a college prep course if they have met TSI exemption requirements.

Early Notice

Only college prep course credits earned in **12th grade** will be eligible for CCMR credit starting in the **2027 accountability year**.

Only agency-reviewed and approved courses will be eligible for CCMR credit starting in the **2028 accountability year**. The list of approved college preparatory courses for CCMR for **2028 accountability** will be provided in a forthcoming TAA. College Prep Courses: TEA postponed the implementation of its proposed list of approved college preparatory courses for use in the CCMR accountability system until the **2028 accountability year**

2026 graduates in 2027 accountability will receive CCMR credit for only 12th grade College Prep courses.

2027 graduates in 2028 accountability will receive CCMR credit for only 12th grade College Prep courses from TEA Approved List.

MOU Requirements and Highlights

Signature Process

- Region One Executive or Deputy Director sends initial invitation to join partnership or if there is a change in the MOU
- MOU is reviewed and signed by district superintendent and returned to Region One
- MOUs term is five years with one additional five year renewal with a written amendment *
- New MOU is pending final IHE signature and will be shared out to districts upon completion.

***The automatic renewals can lead to gaps in communication amongst leadership at the district and campus level.**

MOU Requirements

- IHEs share data on college level completion data
- IHEs recognize and honor waiver for two years after graduation
- IHEs develop the coursework, student learning outcomes (SLO), syllabi, and assessments
- Districts provide HQ teachers (Secondary ELA & Math certified)
- Districts send teachers to required trainings
- Districts include only 12th grade students on track to meeting graduation measured by credits and successful completion of subject specific EOCs. (English 1 & 2 and Algebra 1).

***Region One will monitor student eligibility and success data**

Earn an Associate Degree

A graduate earning an associate degree by August 31st immediately following high school graduation.

An associate degree typically requires at least two but less than four years of full-time equivalent college work to lead directly to employment in a specific career or to facilitate the transfer of credits toward a bachelor's degree.

A student may be reported as having an associate degree at any point while in 11th or 12th grade, or by August 31 immediately following graduation.

Career Indicators

Industry-Based Certification (IBC) and Program of Study

Earn an Industry-Based Certification (IBC) and Complete an Aligned Program of Study.

A graduate earning an approved IBC under 19 TAC §74.1003.

Earning a certification means that the student has successfully completed all requirements defined by the certifying entity. Districts and charter schools should consult the certifying entities' webpages to determine the requirements that must be met for students to earn IBCs.

Students will need to earn an IBC and earn Completer status in an aligned program of study for CCMR credit starting in the **2027 accountability year**.

See Phase-In Schedule for Sunsetting IBCs and Alignment with Programs of Study later in this chapter.

Graduate with Completed Individualized Education Program (IEP) and Workforce Readiness

A graduate receiving a graduation type code of ***04, *05, 54, or 55**, which indicates the student has completed his/her IEP

and

- has obtained full-time employment with self-help skills to maintain employment

or

- has demonstrated mastery of specific employability and self-help skills that do not require public school services

ONLY for Students receiving Special Education Services

Graduate with Completed IEP and Workforce Readiness

Codes 54 & 55 Requirements:

CCMR Guidebook
Page 15

- MUST be on MODIFIED Curriculum to meet these Codes
- Accommodations & Modifications are both adaptations that are frequently utilized to assist students in accessing their curriculum, but are NOT synonymous. Modifications change WHAT the student is expected to learn. Accommodations change HOW the student is expected to learn.

MODIFICATIONS:

Changes WHAT the student is expected to master. These are changes to the goals, methods, materials, and /or assessments that fundamentally alter the learning standard or grade -level expectations.

- Student may be in general education setting, resource, or self-contained setting.
- Student must have a Graduation Code of 54 or 55

Code 54:

§Ch.89.1070(b)(3)(A) consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities; in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district;

POINT

Code 55:

§Ch.89.1070(b)(3)(B) consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district.

POINT

Consistent With the IEP...

The Student's IEP documentation must include goals toward employment, self-help skills, or other functional areas

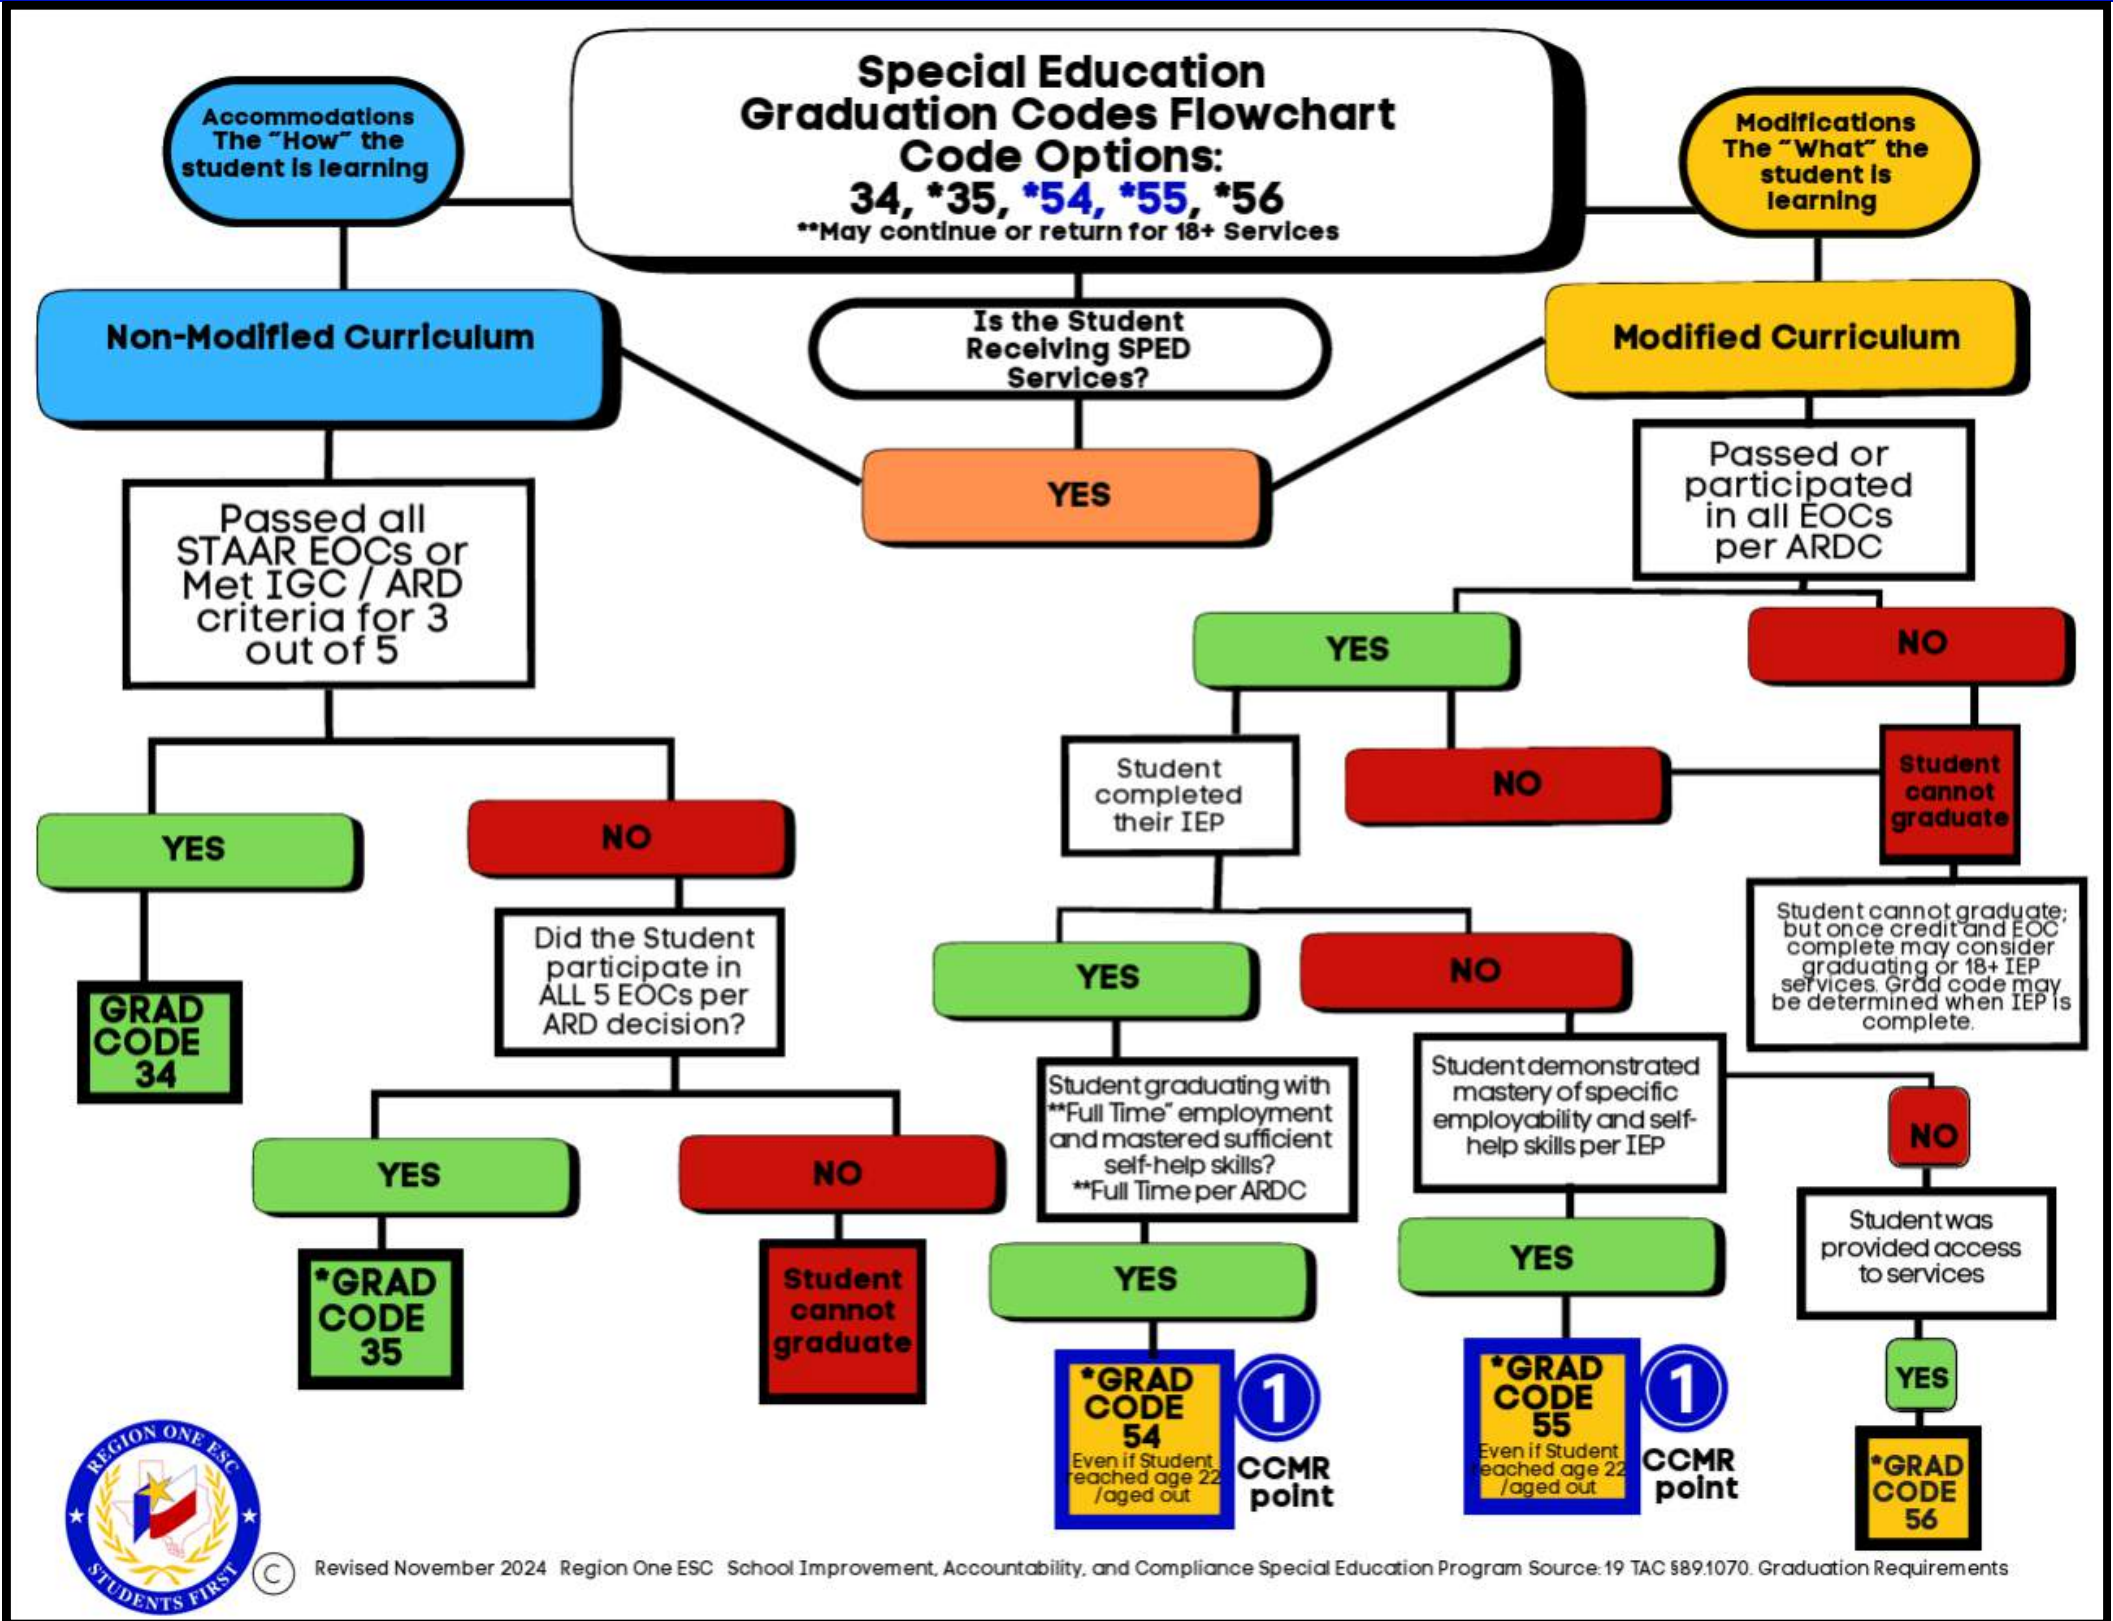

or

The student's IEP must include goals and objectives for specific Employability Skills and mastery of self-help skills specific to the student

ONLY for Students receiving Special Education Services

Enlist in the Armed Forces or Texas National Guard

A graduate enlisting in the Texas National Guard or any of the 6 services:

- U.S. Army
- Navy
- Air Force
- Coast Guard
- Marine Corps
- Space Force

This includes the National Guard and Reserves for their respective services.

UPDATE: Accountability 2026

The U.S. Department of Defense (DOD) Defense Manpower Data Center (DMDC) will be used to gather military enlistment information.

Enlist in the Armed Forces or Texas National Guard FAQ

Question: Where should I be uploading DD Form 4s (enlistment contracts) for 2025 graduates who enlist in the military or National Guard?

Answer: DD Form 4s do not need to be updated, effective with the 2026 Accountability cycle. The Texas Education Agency has reached an agreement with the Department of Defense, and we will be able to access enlistment data from the Defense Manpower Data Center for military enlistments as of December 31, 2025.

We strongly encourage school systems to collect and maintain DD Form 4s, which can be used as documentation in the CCMR verification process (CCMR Verifier Window).

CCMR Verifier

(CCMR) Verifier is released in **May/June** prior to the Accountability being released.

CCMR Guidebook
Page 18

Available in the **TEA Login (TEAL) Accountability application.**

Provides districts an opportunity to verify the accuracy of their CCMR data and, if needed, submit official documentation **to correct non-PEIMS data.**

Will contain data for the prior year graduates and non-graduating 12th graders.

The screenshot displays the 'CCMR Verifier System' interface for 'Student Data Change Requests'. It features a table with columns for 'Campus', 'Campus Name', and 'Last Name'. A vertical list of 'edit' buttons is positioned to the left of the table, with an orange arrow pointing to the first one. Below the table, a 'Change Request Actions' section contains two buttons: 'upload supporting documentation' and 'submit requested changes', both with orange arrows pointing to them.

TSDS PEIMS UPDATES: 2025-2026 School Year

2025-2026 is a transition year:

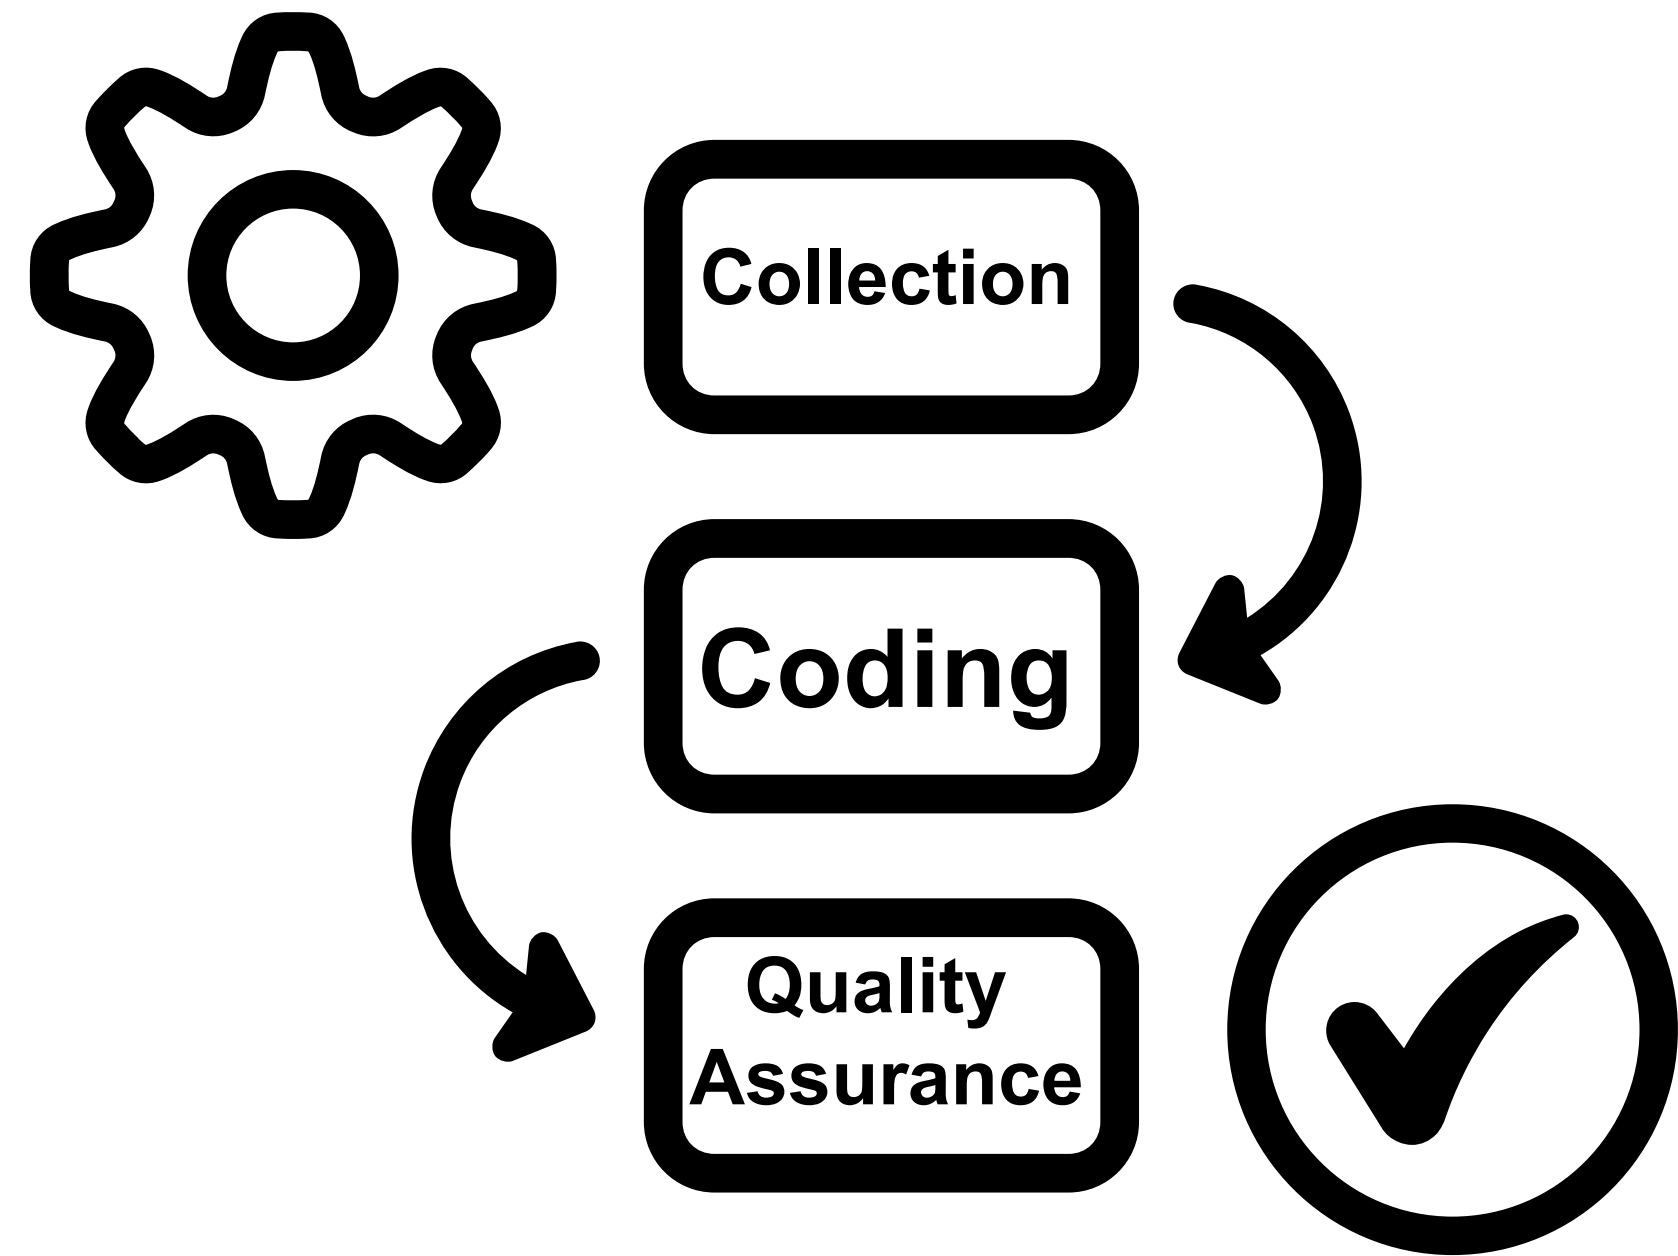

- 2024-2025 leaver/graduate will still be reported in the 2025-2026 PEIMS Fall Submission.
- **2025-2026 leaver/graduate data will be reported in the 2025-2026 PEIMS Summer and Extended Year Submissions.**
 - **Impacts:**
 - **CCMR Graduates served in SPED and Graduated with specific DiplomaType**
 - **Industry-Based Certifications and Associate Degrees earned from June 1 to August 31, 2026**

Beginning in Fall 2026-2027 SY, PEIMS Fall Submission will no longer include Leaver/Graduation Date.

Please refer to the [September 5, 2024 TAA: Early Notice – Moving Leaver and](#)

Data Quality Planning & Verification

- Identify key staff on each campus and at the LEA level who will be directly involved
- Keep in mind the availability of staff during that window which may be impacted by other events, such as testing or holidays
- Establish a LEA calendar for the three key tasks for each submissions.
- Request TSDS PEIMS Reports to verify data completeness and accuracy.
- Final review of corrected data through the TEA PEIMS reports by LEA leadership.

The LEA, not the SIS Vendor, is ultimately responsible for the accuracy of data submitted by the resubmission due date.

CCMR OUTCOMES BONUS

College, Career, and Military Readiness Outcomes Bonus (HB3)

- Passed in 2019 to support student readiness for life after high school
- Rewards districts with extra funding for helping graduates meet CCMR criteria
- Bonuses are based on students who exceed a set threshold
- Threshold ensures fair comparison across districts
- CCMR indicators include SAT/ACT scores, college enrollment, military enlistment, or earning an industry certification

CCMR Outcomes Bonus Funding

CCMR OB provides funding to districts for exceeding specific performance thresholds for graduates in three groups:

Group	Threshold Percentage	Amount Per Graduate Above the Threshold
Economically Disadvantaged	11%	\$5,000
Non-Economically Disadvantaged	24%	\$3,000
SPED Students	0%	<div><div>\$2,000</div><div><div>UPDATE</div><div>\$4,000</div></div></div>

UPDATE: The CCMR Outcomes Bonus amount modified by HB 2 in Section 48.110, Education Code, is increased for annual graduates in special education cohorts to from \$2,000 to **\$4,000**.

Outcomes Bonus Funding Calculations

Demographic Indicator	Annual Graduates	Threshold % (Set by State)	Threshold # (% x Grads)	District Grads Meeting Criteria	District Grads Above Threshold	CCMR OBF

CCMR Outcomes Bonus

CCMR Outcomes Bonus is designed to:

- Reward districts for preparing students for postsecondary success.
- Encourage students to enroll in higher education, complete credentials, or enlist in the military.

Spending Guidelines- HB 3 mandates that **55%** of CCMR Outcomes Bonus funds must be spent on students in **grades 8–12** for activities directly related to college, career, or military readiness.

Remaining Funds - Once the **55% threshold** is met, districts have the flexibility to allocate the remaining funds based on their priorities.

CCMR Outcomes Bonus Allowable Expenses

1. Teacher training and professional development on CCMR content
2. Student preparation for CCMR content
3. Counseling and advising services
4. Work-based learning (WBL) opportunities
5. CTE and IBC activities
6. College and Career Readiness School Models (CCRSM)

Quiz

How long does it take for districts to receive Outcomes Bonus Funds? How are the funds disbursed?

Answer

It typically takes two years for districts to receive their Outcomes Bonus funds although this may vary.

Quiz

Are there restrictions on how Outcomes
Bonus funds can be used?

Answer

Yes, HB3 defines guidelines for allowable use of Outcomes Bonus funds. At least 55% of funds must be spent on students in grades 8-12 and for activities related to college, career, or military readiness. Once the district has met the 55% minimum spending on CCMR, the district can determine the best use for the remaining funds at its own discretions.
