Field Trips

Field trips may be funded under the grant program. Only the following types of field trips are allowable:

Field trips that directly support instruction in one of the ten domains of the *Texas* Prekindergarten Guidelines (updated 2015).

Field Trips will require a written justification form. To access the Field Trips Justification form, refer to the <u>Administering a Grant</u> page.

Out-of-State Travel

Out-of-state travel costs are allowable for limited professional development if the travel will result in increased quality of the prekindergarten program. Out-of-state travel costs should be minimal. Travel costs are allowable as long as the expenses for transportation, lodging, subsistence, and related items are only incurred by employees on official business of the grantee and follow the grantee's regular business operations and written travel policy.

Out-of-State Travel will require a written justification form. To access the Out-of-State Travel Justification form, refer to the Administering a Grant page.

Is it allowable to purchase PE playground equipment with PK grant monies? Also the schools are planning fields trips for the students and will be submitting the field trip request forms to? The first field trip is scheduled for late March. The schools would like to purchase computers for parents to do research or use for other activities, is this allowed?

I've attached the field trip form which can be sent to me. If you can justify that the purchase is improving quality helping your program meet the quality components of the grant, then yes it is allowable.

Thanks, Howard
