

The Special Education Reevaluation Process

The basic steps of a reevaluation are included in this flowchart. A reevaluation is required every three years unless the ARD committee (including the parent) determines no additional data is needed. A Review of Existing Evaluation Data (REED) process must take place as part of an initial evaluation, if appropriate, and as part of any reevaluation of a student under the IDEA.

A reevaluation must occur at least once every three years, unless the parent and the LEA agree otherwise. 34 CFR § 300.303(b)(2)
