ACCOMMODATIONS RESOURCES WEBPAGE

Every year in the fall, the Accommodation Resources webpage is updated with policy documents and training materials that apply to the state assessments for that school year.

Accommodation Request Process

For designated supports requiring TEA approval, the appropriate tea level determines whether the student meets all of the specific eligibility criteria. Educators must read and complete an Accommodation Request Form to TEA. Educators must read and complete the links below prior to submitting an Accommodation Request Form.

Accommodation Resources

Accommodations, or designated supports, are changes to materials or procedures that allow students to access learning and testing. It is important to keep in mind that while accommodations may be appropriate for instructional use, they may not be appropriate for a statewide assessment. The accommodation resources on this webpage are provided by the Texas Education Agency (TEA) for districts to use in implementing policies for STAAR and TELPAS.

2017 Accessibility

TEA accessibility policies may apply to any student taking STAAR or TELPAS depending on the student's disability.

ACCESSIBILITY

**Toward All Students
College and Career Ready**

- Ensuring that each student can interact appropriately with the content, presentation, and response mode of the test.
- Assessments should allow all test takers to demonstrate their knowledge of the content being tested without the format of the assessment, non-tested language, or the type of response needed to answer the questions being barriers.
- In order to meet this goal, various features and accommodations are made available on paper and online tests to students who use the same or similar supports during classroom instruction.

The student can click the *Speak* icon to open a panel of audio controls including the *Play* button and the *Click Word* button.

The student can click the *Audio* icon to open a panel of audio controls including the volume and speaking rate.

When the *Play* button is activated, the question and answer choices are highlighted as they are read aloud in their entirety or until the student stops playback.

The *Click Word* button allows the student to hear only one word at a time.

The rate at which the audio is read can be increased or decreased by moving the *Speaking Rate* slider.

The student can increase or decrease the volume of the audio by moving the *Volume Slider* icon.

Classroom Accommodation		Embedded Support
The teacher introduces a new book to a struggling reader prior to reading it aloud or independent reading. The topics discussed might include major concepts, difficult words, setting, characters, or prior knowledge of the subject.	➡	Language and Vocabulary Support
Using a dictionary or thesaurus, the teacher points out the meaning or synonym of a word.	➡	Language and Vocabulary Support
The teacher isolates specific information to focus the student on the core concept being taught.	➡	Content Support
The teacher acts out or has the students role-play newly introduced vocabulary or difficult concepts.	➡	Language and Vocabulary Support
The teacher simplifies difficult vocabulary and then reformats complex word problems by bulleting or spacing out each step required to solve the problem.	➡	Language and Vocabulary Support
The teacher provides the student with a specific supplemental aid (e.g., chart, table, graph, checklist, map, timeline) applicable to the question being posed, the assignment, or the task.	➡	Content Support
The student receives reading support.	➡	Text-to-speech
The teacher provides the formula(s) that is needed to solve a problem.	➡	Content Support
The teacher provides visual aids (e.g., demonstrations, photographs, art) to identify people and/or places.	➡	Content Support
The teacher provides visual aids (e.g., demonstrations, photographs, art) to define or clarify vocabulary.	➡	Language and Vocabulary Support
During classroom discussions, the teacher clarifies or rewords complex text or questions using simpler language.	➡	Language and Vocabulary Support
The teacher directs the student (e.g., highlight, bold, point to, flag the information) to the specific part(s) of the selection, diagram, map, or figure that is being discussed.	➡	Content Support
The teacher presents parts of a complex concept one at a time.	➡	Content Support

ACCESSIBILITY FEATURES

- Previously referred to as “Allowable Test Administration Procedures and Materials” and can be found in the District and Campus Coordinator Manual and the Accommodations Resources webpage
- Available to any student who regularly benefits from the use of these procedures or materials during instruction
- No need to document use of Accessibility Features in student paperwork or answer document/Assessment Management System
- A student may need to complete the test in a separate setting in order to eliminate distractions to other students and to ensure that the security and confidentiality of the test is maintained.

LOCALLY-APPROVED DESIGNATED SUPPORTS

**Toward All Students
College and Career Ready**

- Previously referred to as “Type 1 accommodations” or “linguistic accommodations”
- These include supports that may be made available to students who meet eligibility criteria.
- Eligibility decisions are made by the appropriate team of people at the campus level based on the eligibility criteria and are document in the appropriate paperwork.
- Each designated support policy document located on the Accommodations Resources webpage contains an Eligibility Criteria section and an Authority for Decision and Required Documentation section.

DESIGNATED SUPPORTS REQUIRING TEA APPROVAL

**Toward All Students
College and Career Ready**

- Previously referred to as “Type 2 accommodations”
- These include supports that may be made available to students who have a TEA approved accommodation request form.
- First, eligibility decisions are made by the appropriate team of people at the campus level based on the eligibility criteria and then a request is sent to TEA for determination.
- Each designated support policy document located on the Accommodations Resources webpage contains an Eligibility Criteria section and an Authority for Decision and Required Documentation section.

2017 VERSUS 2016 STAAR ACCOMMODATION POLICY

- In previous years, accommodations were organized into two different categories: accommodations for students with disabilities and linguistic accommodations.
- Accommodation policy for the 2017 calendar year focuses on accessibility to STAAR for students who are
 - ✓ receiving targeted instruction to address academic, behavioral, or emotional difficulties (e.g., RTI or student assistance team),
 - ✓ receiving special education services,
 - ✓ receiving services under Section 504, and
 - ✓ English language learners.
- Accommodation eligibility was revisited and considerations were made to the assessed curriculum and the security and confidentiality of the state assessment.

2017 versus 2016 STAAR Accommodation Policy

15

Designated Support		2017 vs 2016	Rationale
Individualized Structured Reminders	Complex Transcribing	Same	Either no need to change eligibility since it was already broad or eligibility remains restrictive due to concerns with test security, confidentiality, and adherence to assessed curriculum
Amplification Devices	Math Scribe		
Projection Devices	Extra Day		
Spelling Assistance	Photocopy Test Material		
Large Print	Other		
Calculation Aids		Same eligibility, different examples	Since students in grades 3 and 4 are still learning basic calculation skills as required by the TEKS, this accommodation is reserved for students who are unable to calculate by paper-pencil methods. This is also why multiplication and addition charts, two additional tools that aid in math calculation, were added to examples.
Manipulating Test Material	Braille	Eligibility broadened	Eligibility was opened up by deleting some of previous year's requirements so that more students who needed this assistance were included
Basic Transcribing	Extra Time

ACCOMMODATION REQUEST PROCESS

THE ACCOMMODATION REQUEST PROCESS

- Accommodation Request Forms should only be submitted for designated supports requiring TEA approval (i.e., complex transcribing, math scribe, photocopy, extra day, other).
- The link to the online accommodation request form is on the Accommodation Resources webpage along with a training document.
- Accommodation Request Forms must be received by TEA at least one week prior to testing. Late requests will NOT be processed unless circumstances involving the student change after the deadline. Refer to the submission deadlines document.

ACCOMMODATION REQUEST FORM

The district testing coordinator's (DTC) information is automatically filled out in the Contact Information Section. If someone other than the DTC is completing this form, he or she will have to manually fill in contact information.

Submit ONE accommodation request per student, even if the student needs multiple accommodations and/or multiple subjects. You can enter up to 5 different administrations for one student.

All of your selections show up here.

It is important to include the Request ID from a previous year so that TEA can refer to it when making a determination.

A Local Tracking number may be entered so districts can keep track of accommodation requests within the district. TEA does not use this information.

You may submit supporting documentation such as writing samples. Do not submit confidential student information such as pages from an IEP or evaluations from physicians or diagnosticians. This information can be summarized above instead.

**Toward All Students
College and Career Ready**

THE ACCOMMODATION REQUEST PROCESS

- Accommodation requests must be approved by TEA before a student can use the accommodation on a state assessment. Documentation in the appropriate paperwork should state “pending TEA approval.”
- Do NOT include confidential student information (request will be deleted and you will be asked to resubmit)
 - Example: student’s first and last name, Social Security numbers, pages from an IEP, medical documents
- The expiration date for all approved requests is December 31st of the year the request is approved.

College and Career Ready**

SPECIAL PAPER REQUEST PROCESS

SPECIAL PAPER REQUEST PROCESS

**Toward All Students
College and Career Ready**

- Because Language and Vocabulary Supports and Content Supports are embedded accommodations presented in an online format, replicating these features in a paper version is not always possible.
- Technology-based accommodations enable most students to test online; however, in instances in which the use of an accommodation is not feasible or appropriate, or if the administration of an online test is inappropriate due to a student's particular disability, a special request may be made to TEA for approval to administer a paper test booklet.

SPECIAL PAPER REQUEST PROCESS

- A link to the instructions and request form for a paper version of STAAR with Embedded Supports, TELPAS, and TAKS is posted on the TEA's District and Campus Coordinator Manual Resources webpage.
- All requests must be received by TEA at least two weeks prior to testing so that testing materials can be ordered and shipped to districts.

SPECIAL PAPER REQUEST PROCESS

Request for Paper Administrations of STAAR with Embedded Supports, TELPAS Reading, and TAKS

STAAR with Embedded Supports, TELPAS reading, and TAKS assessments are administered as online testing programs. When rare unavoidable circumstances exist where students cannot access an online assessment, such as those described below, TEA may authorize a paper administration. Requests for paper administrations based on the lack of familiarity with online testing by students or districts will not be approved.

• Accommodations Cannot be Applied

A student may need a testing accommodation that is not possible to provide in an online setting. Prior to requesting a paper version of the assessment, consideration should be given to accessibility features, locally-approved designated supports, and designated supports requiring TEA approval. For information regarding these testing accommodations, refer to the [Accommodation Resources](#) page.

• Technology Access is Precluded

Districts must make every effort to administer STAAR with Embedded Supports, TELPAS reading, and TAKS online. In rare situations where computers or technology are absolutely not available, as may occur on occasion with homebound students, JJAEPs, jails, or detention centers, districts may seek permission to administer a paper test.

Instructions for Requesting Permission to Administer a Paper Test

District testing coordinators must review completed paper request forms for STAAR with Embedded Supports, TELPAS reading, or TAKS and verify that the information provided meets the criteria for a paper administration. The paper request form can be accessed at the following link:

[Request for Paper Administration \(PDF\)](#)

Completed paper request forms that have been reviewed and verified by the district testing

If a student also needs a designated support requiring TEA approval, include it on this form. Do NOT submit a separate online accommodation request form.

Date: _____ District Name: _____

Campus Name: _____

Contact Name: _____

Contact Phone: _____ CDC #: _____

Indicate the reason(s) you are requesting paper materials.

Describe the special circumstances that prevent online testing (e.g., unavailable accommodations for online testing, homebound student, internet access, jail). If the student was previously approved for a paper administration, please include the administration month and year.

Explain how the student routinely accesses technology during the school day and why this method is not appropriate for online testing. If access to technology is not available, please explain why.

If a student also needs a designated support requiring TEA approval (e.g., Communication, Speech Center, Physical, Chronic, and/or other), please include it on this form.

Indicate the number of materials requested for each test.

For STAAR with Embedded Supports, paper test administration guidelines are provided as follows: 1 administration guide per order of 1 to 3 booklets. For large print, 1 administration guide is provided for each booklet ordered.

SPECIAL SITUATIONS AND FREQUENTLY ASKED QUESTIONS

ACCOMMODATIONS IN UNEXPECTED OR EMERGENCY SITUATIONS

- When an unexpected or emergency situation (e.g., broken arm, lost eyeglasses) occurs just prior to or on the day of the state assessment, it may or may not be necessary to contact TEA. After testing, document the accommodation used on the answer document or in the Assessment Management System.
- **Step 1: No need to contact TEA**
 - Make available Accessibility Features which are allowed for any student.
- **Step 2: No need to contact TEA**
 - Make available locally-approved Designated Supports. Consideration should be given to accommodations that the student can independently use.
- **Step 3: Contact TEA**
 - If the student's needs cannot be met with Step 1 or 2, contact a member of the Accommodations Task Force. The district testing coordinator may need to submit an Accommodation Request Form.

GRADE 4 STAAR WRITING ONLINE

- For any grade 4 student who is taking the STAAR writing test online, the test administrator may transcribe (i.e., type) the student's response to the written composition into the online test. The student does **not** have to be eligible for Basic Transcribing to receive this assistance and it does not need to be documented in the Assessment Management System.

--**Note:** This is not a requirement of the administration and decisions regarding this provision must be based on individual student need.
- The test administrator transcribing the student's response must do so in accordance with guidelines for Basic Transcribing found on TEA's Accommodations Resources webpage.
- Students in all other grades and subjects must meet the eligibility requirements for Basic Transcribing if this accommodation is needed.

TECHNOLOGY: CALCULATOR, SPEECH-TO-TEXT

- Districts may satisfy the calculator requirement in certain grades by providing students with either a handheld graphing calculator or a graphing calculator application available on a tablet. Refer to the STAAR Calculator Policy. Please note that the guidelines set forth in this policy about the use of a calculator application apply to the use of a calculator as a designated support.
- **New for the 2017 administration**, an eligible student may use a speech-to-text application on a tablet as an allowable type of Basic Transcribing or Spelling Assistance if he or she is routinely using this assistance in class. However, in order to maintain test security the device must be set to kiosk mode and an individual administration is encouraged. A test administrator may be responsible for monitoring at one time no more than 5 students each using a speech-to-text application. A test administrator must be able to monitor a student's use of the device at all times. This response must then be transcribed onto the answer document or in the Assessment Management System (i.e., there is not integration with the STAAR Online Testing Platform).

PROCTOR CODES FOR SIGNED ONLINE ADMINISTRATIONS

**Toward All Students
College and Career Ready**

- For students who are deaf or hard-of-hearing who are eligible for
 - Oral/Signed Administration, **AND**
 - Language and Vocabulary Supports and/or Content SupportsStudents will take the STAAR online but are not able to access text-to-speech.
- A signed administration is allowed for those parts of the test that can be read aloud. Test administrators should be trained using the Oral/Signed Administration Guidelines and also read the specific guidelines for signing test content included in the General Instructions for Administering State Assessments to Students Who are Deaf or Hard of Hearing document.

PROCTOR CODES FOR SIGNED ONLINE ADMINISTRATIONS

**Toward All Students
College and Career Ready**

- Similar to the December 2016 administration, proctor codes will be available to district testing coordinators and assistants in the Texas Assessment Management System to download and distribute to test administrators providing a signed administration of an online STAAR test.
- TEA's Student Assessment Division works in conjunction with the Region 11 State Lead for Deaf/Hard of Hearing Services to provide the most current and consistent information to districts about state assessments for students who are deaf or hard of hearing. –

BRAILLE TEST TAKERS

- For students taking a braille test who are eligible for Language and Vocabulary Supports or Content Supports, it is possible to order a paper version of STAAR with Embedded Supports for this particular situation.
- Special instructions may apply, so please contact TEA's Student Assessment Division at 512-463-9536 to discuss.

Student Eligibility Criteria

A student may use this accommodation if he or she

- ☐ routinely and effectively uses this accommodation during classroom instruction and classroom testing, and
- ☐ meets at least one of the following:
 - The student is current ELL.
 - The student is identified with dyslexia or a related disorder per TEC **§38.003**.
 - The student has documented evidence of reading difficulties.

ELIGIBILITY: ORAL/SIGNED ADMINISTRATION

Evidence of reading difficulties

--This is a problem with reading that can be caused by various reasons, including (but not limited to) a learning disability in reading

- ADD/ADHD
- behavioral or emotional problem
- processing or memory issue
- visual impairment

--The appropriate team of people at the campus level should review the student's current documentation and instructional supports (e.g., instructional supports or accommodations, PLAAFP goals (Present Levels of Academic Achievement and Functional Performance) and determine if this evidence indicates a reading difficulty.

- If the student is currently receiving this accommodation in classroom instruction, there should be documented evidence of why this is necessary.

ELIGIBILITY: CALCULATION AIDS

Student Eligibility Criteria

A student may use this accommodation if he or she

- ☐ receives Section 504 or special education services,
- ☐ routinely, independently, and effectively uses the accommodation during classroom instruction and classroom testing, and
- ☐ meets at least one of the following for the applicable grade.

Grades 3 and 4

- The student has a physical disability that prevents him or her from independently writing the numbers required for computations and cannot effectively use other accessibility features to address this need (e.g., whiteboard, graph paper).
- The student has an impairment in vision that prevents him or her from seeing the numbers they have written during computations and cannot effectively use other accessibility features to address this need (e.g., magnifier).

Grades 5 through 8

- The student has a physical disability that prevents him or her from independently writing the numbers required for computations and cannot effectively use other accessibility features to address this need (e.g., whiteboard, graph paper).
- The student has an impairment in vision that prevents him or her from seeing the numbers they have written during computations and cannot effectively use other accessibility features to address this need (e.g., magnifier).
- The student has a disability that affects mathematics calculations. Even after intensive instruction and remediation, the student is consistently unable to memorize basic addition, subtraction, multiplication, or division facts or perform the steps in an algorithm correctly when solving problems.

ELIGIBILITY: CALCULATIONS AIDS

- Disability in math calculation

--This is a problem adding, subtracting, multiplying, and dividing using paper and pencil that can be caused by various reasons, including (but not limited to) a learning disability in mathematics calculation

- ADD/ADHD
- behavioral or emotional problem
- processing or memory issue

--The ARD or Section 504 committee should review the student's current documentation and instructional supports and determine if this evidence indicates that the student's disability causes him or her to have a problem calculating with pencil and paper. If the student is currently receiving this accommodation in classroom instruction, there should be documented evidence of why this is necessary.

Below the third menu, the text 'TTS embedded supports practice' is highlighted in blue. At the bottom left, there is a blue silhouette of a person and the text 'Username'.

STAAR Practice

To practice using the updated text-to-speech (TTS) function on content supports and language and vocabulary supports (i.e., pop-ups and rollovers), choose “TTS Embedded Supports Practice.” You have the option of practicing TTS on the pop-ups and rollovers on a mathematics or reading test.

TTS Embedded Supports Practice → Mathematics or Reading → TTS Embedded Supports Practice
