### Workshop Details

The **Project Based Learning (PBL) Academy** is designed to kick-start project based learning (PBL) as an instructional strategy to engage students of all ages in real and authentic problem solving. The academy will feature a 2-PHASE delivery format:

- PHASE 1 will provide an overview of the essential elements of project based learning instruction and provide content-based examples for review.
- PHASE 2 will offer a multi-day comprehensive experience using step-by-step, interactive formats to guide and support educators in designing project-based experiences that are (1) anchored to relevant content standards, (2) promoting 21st century learning, and (3) personally relevant to students.

All participants will develop and leave with executable action plans for a project based learning experience.

### **Registration Details**
