

WORKSHOP

#64928

Fee: \$150

PRACTICAL STRATEGIES FOR DIFFERENTIATING INSTRUCTION

Each student has unique learning needs which may be based on their background, readiness, skill level, and interest. Differentiated instruction (DI) is an approach to classroom lessons in which teachers plan learning activities to address each students' needs so all children can be successful in school.

This **CAN'T-MISS EVENT** helps educators learn how to use DI strategies to help students be independent successful learners, increase student achievement, close academic achievement gaps, and foster student progress.

The presenter will share several "take back and use" ideas to help students get organized, be accountable for results, and work independently.

Come explore high impact review strategies and anchor activities to engage every student with a focus on:

- Relationship Building
- High Impact Review and Reinforcement
- Organization and Accountability
- Vocabulary Skills
- Summarization Tools for Increased Comprehension
- Concrete Math and Reading Strategies

T-TESS Standards Basis:

1B, 1C, 1F, 1D, 2A, 2B, 2C, 3C, 4A, 5A, 5C, 5D

Thursday, December 14, 2017

8:30 a.m. – 3:30 p.m.

Brownsville Events Center

1 Events Center | Brownsville, Texas 78520

Who Should Attend?

Administrators	Specialists
Teachers	Coordinators
