

Third Annual Effective Border Schools Conference

Derribando Barreras *Trascendiendo Fronteras*

May 21-22, 2018

South Padre Island
Convention Centre

South Padre Island, TX

Hosted by Region One ESC in collaboration with ESC Region 19

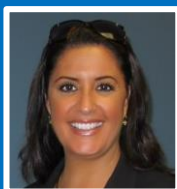

Look no further for effective practices for diverse learners!

Our students come from a variety of linguistic and cultural backgrounds that enrich our border communities every single day.

Educators in effective border schools refuse to see these differences as barriers; instead they value the students' diversity as assets that will open up world-wide opportunities for students to successfully transcend borders and help them to become connected in a globalized society.

Learn how to empower your students, so they become the agents of change they can be today!
