Literacy Academy Student Support Modules

Region One ESC – Special Education Program and Language Arts Department will be providing additional training modules for teachers who have attended the Texas Literacy Academies Kindergarten through 5th grade during the 2015-2016 and 2016-2017 school years. These Student Support Modules were created by The University of Texas System and Texas Education Agency to support classroom teachers who provide literacy instruction for students with disabilities.

The objectives of the Student Support Modules are to increase knowledge of research-based practices to do the following:

- Provide intensive literacy instruction for students who experience severe difficulties in learning to read and write, including students with reading related learning disorders and dyslexia
- Support the literacy instruction of students with disabilities included in grades K-5 general education classrooms

The Student Support Modules will be offered in half-day sessions: Module A is K-1st, Module B is 2nd-3rd, Module C is 4th-5th grades. Training sessions are capped at 50 participants.

Teachers attending will receive resource materials to assist with implementation of the strategies learned throughout the academy.

Teachers who attend Module A (K-1) will be required to present a Certificate of Attendance for the Summer 2016 Literacy Academy training.

K-1 Grades	2 nd – 3 rd Grades	4 th – 5 th Grades
