

**Sibling Perspectives on
Transition**

Michael Gonzalez

Observations

- Misconceptions of healthcare process over lifetime
- Limited association of 'novel' responsibilities with actions
- Resource acquisition
- Differentiating responsibility and social independence
- Forging ahead

Current State/'The Journey

- David has a clear understanding of his responsibilities
- Set methods for handling medical responsibilities
- Excellent resources can be difficult to encounter
- Now exercises the full scope of adulthood
- Follow-through
- My Methods
