

Gifted and Talented Professional Development for G/T Administrators and Counselors

Do you want to be "IN COMPLIANCE" with your gifted program requirements? It all starts with the required professional development. Not only do teachers need their thirty (30) hours of G/T professional development and an annual six (6) hour up-date, but administrators and counselors also need training. The Texas State Plan for the Education of Gifted/Talented Students, 2009 states that:

Administrators and counselors who have authority for service decisions are required to complete a minimum of six (6) hours of professional development that includes nature and needs of gifted/talented students and service options for gifted/talented students (19 TACS 89.2 (3)).
