Advanced Placement Summer Institute in US History

The College Board-endorsed AP Summer Institutes provide teachers with in-depth training in AP courses and teaching strategies. Participants engage in at least 30 hours of pedagogical and content rich training led by College Board-endorsed consultants and receive printed materials, including course outlines ; content -related handouts; and student samples, scoring guidelines, and commentary for the most recent AP Exam free-response questions. Many locations offer guest speakers, field trips, and other hands-on activities. Each institute is managed individually by staff at the sponsoring institution under the guidelines provided by the College Board. Please contact the individual locations for detailed information about their course offerings. Because these workshops are not managed by College Board, IACET/College Board continuing education units cannot be offered to participants. Contact the individual locations for more information on continuing education units offered.
